**BACKGROUND:**

Many reports to the Legislature are required. Many of the required reports are non-recurring reports due at a certain date. Other reports are required annually, biennially, or on an occasional basis.

**SUMMARY:**

More than 200 reports to the Legislature were deleted. Roughly half of the deleted reports are non-recurring reports that were due at a past date. The other deleted reports are recurring reports.

The frequency of one report - the Department of Agriculture's report on spartina control - is reduced from semi-annual to annual.

Several technical corrections were made in sections being amended.

**FISCAL NOTE:** Not requested.

**EFFECTIVE DATE:** Ninety days after adjournment of session in which bill passed.
