### SENATE COMMITTEE ON HEALTH & LONG-TERM CARE

**Majority Report:** That Substitute Senate Bill No. 5976 be substituted therefor, and the substitute bill do pass.

Signed by Senators Deccio, Chair; Wood, Vice Chair; Benton, Fairley, Franklin, Strannigan and Wojahn.

**Staff:** Rhoda Jones (786-7198)

**Background:** It is unlawful for someone to practice or offer to practice as a registered nurse unless the person has been licensed under the laws of the state. Registered nurses, advanced registered nurse practitioners, and licensed practical nurses may call themselves "nurse" under current law.

In practice, nursing assistants, and other health care practitioners who work in offices, clinics, hospitals, and in community care, call themselves "nurse" when introducing themselves to consumers.

There is concern that these practitioners are being seen as registered nurses and that consumers should not be misled.

**Summary of Substitute Bill:** It is unlawful to use the title "nurse" in this state unless the person is licensed as a registered nurse, a nurse practitioner, or a licensed practical nurse.

Christian Science nurses may call themselves nurses.

**Substitute Bill Compared to Original Bill:** Christian Science nurses may call themselves nurses.

**Appropriation:** None.

**Fiscal Note:** Not requested.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Testimony For:** This is a consumer protection bill. Consumers should not be misled by persons calling themselves nurses when they are not licensed in that profession.

**Testimony Against:** None.

**Testified:** Lisa Thatcher, Washington State Nurses Association (pro).
