SUBSTITUTE HOUSE BILL 2279

Passed Legislature - 1997 Regular Session

AS RECOMMENDED BY THE CONFERENCE COMMITTEE

State of Washington 55th Legislature 1997 Regular Session

By House Committee on Appropriations (originally sponsored by Representatives Huff and Backlund)

Read first time 04/07/97.

1 AN ACT Relating to the basic health plan; amending RCW 70.47.015,
2 48.43.025, 48.43.035, 48.41.060, 48.41.030, 70.47.120, and 70.47.130;
3 reenacting and amending RCW 70.47.060; providing an effective date; and
4 declaring an emergency.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 **Sec. 1.** RCW 70.47.015 and 1995 c 265 s 1 are each amended to read
7 as follows:

8 (1) The legislature finds that the basic health plan has been an
9 effective program in providing health coverage for uninsured residents.
10 Further, since 1993, substantial amounts of public funds have been
11 allocated for subsidized basic health plan enrollment.

12 (2) It is the intent of the legislature that the basic health plan
13 enrollment be expanded expeditiously, consistent with funds available
14 in the health services account, with the goal of two hundred thousand
15 adult subsidized basic health plan enrollees and one hundred thirty
16 thousand children covered through expanded medical assistance services
17 by June 30, 1997, with the priority of providing needed health services
18 to children in conjunction with other public programs.

1 (3) Effective January 1, 1996, basic health plan enrollees whose
2 income is less than one hundred twenty-five percent of the federal
3 poverty level shall pay at least a ten-dollar premium share.

4 (4) No later than July 1, 1996, the administrator shall implement
5 procedures whereby hospitals licensed under chapters 70.41 and 71.12
6 RCW, health carrier, rural health care facilities regulated under
7 chapter 70.175 RCW, and community and migrant health centers funded
8 under RCW 41.05.220, may expeditiously assist patients and their
9 families in applying for basic health plan or medical assistance
10 coverage, and in submitting such applications directly to the health
11 care authority or the department of social and health services. The
12 health care authority and the department of social and health services
13 shall make every effort to simplify and expedite the application and
14 enrollment process.

15 (5) No later than July 1, 1996, the administrator shall implement
16 procedures whereby health insurance agents and brokers, licensed under
17 chapter 48.17 RCW, may expeditiously assist patients and their families
18 in applying for basic health plan or medical assistance coverage, and
19 in submitting such applications directly to the health care authority
20 or the department of social and health services. Brokers and agents
21 ~~((shall be entitled to))~~ may receive a commission for each individual
22 sale of the basic health plan to anyone not ~~((at anytime previously))~~
23 signed up within the previous five years and a commission for each
24 group sale of the basic health plan, if funding for this purpose is
25 provided in a specific appropriation to the health care authority. No
26 commission shall be provided upon a renewal. Commissions shall be
27 determined based on the estimated annual cost of the basic health plan,
28 however, commissions shall not result in a reduction in the premium
29 amount paid to health carriers. For purposes of this section "health
30 carrier" is as defined in RCW 48.43.005. The administrator may
31 establish: (a) Minimum educational requirements that must be completed
32 by the agents or brokers; (b) an appointment process for agents or
33 brokers marketing the basic health plan; or (c) standards for
34 revocation of the appointment of an agent or broker to submit
35 applications for cause, including untrustworthy or incompetent conduct
36 or harm to the public. The health care authority and the department of
37 social and health services shall make every effort to simplify and
38 expedite the application and enrollment process.

1 **Sec. 2.** RCW 70.47.060 and 1995 c 266 s 1 and 1995 c 2 s 4 are each
2 reenacted and amended to read as follows:

3 The administrator has the following powers and duties:

4 (1) To design and from time to time revise a schedule of covered
5 basic health care services, including physician services, inpatient and
6 outpatient hospital services, prescription drugs and medications, and
7 other services that may be necessary for basic health care. In
8 addition, the administrator may, to the extent that funds are
9 available, offer as basic health plan services chemical dependency
10 services, mental health services and organ transplant services;
11 however, no one service or any combination of these three services
12 shall increase the actuarial value of the basic health plan benefits by
13 more than five percent excluding inflation, as determined by the office
14 of financial management. All subsidized and nonsubsidized enrollees in
15 any participating managed health care system under the Washington basic
16 health plan shall be entitled to receive (~~{covered basic health care~~
17 ~~services}~~) covered basic health care services in return for premium
18 payments to the plan. The schedule of services shall emphasize proven
19 preventive and primary health care and shall include all services
20 necessary for prenatal, postnatal, and well-child care. However, with
21 respect to coverage for groups of subsidized enrollees who are eligible
22 to receive prenatal and postnatal services through the medical
23 assistance program under chapter 74.09 RCW, the administrator shall not
24 contract for such services except to the extent that such services are
25 necessary over not more than a one-month period in order to maintain
26 continuity of care after diagnosis of pregnancy by the managed care
27 provider. The schedule of services shall also include a separate
28 schedule of basic health care services for children, eighteen years of
29 age and younger, for those subsidized or nonsubsidized enrollees who
30 choose to secure basic coverage through the plan only for their
31 dependent children. In designing and revising the schedule of
32 services, the administrator shall consider the guidelines for assessing
33 health services under the mandated benefits act of 1984, RCW 48.42.080,
34 and such other factors as the administrator deems appropriate.

35 However, with respect to coverage for subsidized enrollees who are
36 eligible to receive prenatal and postnatal services through the medical
37 assistance program under chapter 74.09 RCW, the administrator shall not
38 contract for such services except to the extent that the services are
39 necessary over not more than a one-month period in order to maintain

1 continuity of care after diagnosis of pregnancy by the managed care
2 provider.

3 (2)(a) To design and implement a structure of periodic premiums due
4 the administrator from subsidized enrollees that is based upon gross
5 family income, giving appropriate consideration to family size and the
6 ages of all family members. The enrollment of children shall not
7 require the enrollment of their parent or parents who are eligible for
8 the plan. The structure of periodic premiums shall be applied to
9 subsidized enrollees entering the plan as individuals pursuant to
10 subsection (9) of this section and to the share of the cost of the plan
11 due from subsidized enrollees entering the plan as employees pursuant
12 to subsection (10) of this section.

13 (b) To determine the periodic premiums due the administrator from
14 nonsubsidized enrollees. Premiums due from nonsubsidized enrollees
15 shall be in an amount equal to the cost charged by the managed health
16 care system provider to the state for the plan plus the administrative
17 cost of providing the plan to those enrollees and the premium tax under
18 RCW 48.14.0201.

19 (c) An employer or other financial sponsor may, with the prior
20 approval of the administrator, pay the premium, rate, or any other
21 amount on behalf of a subsidized or nonsubsidized enrollee, by
22 arrangement with the enrollee and through a mechanism acceptable to the
23 administrator(~~(, but in no case shall the payment made on behalf of the~~
24 ~~enrollee exceed the total premiums due from the enrollee))~~).

25 (d) To develop, as an offering by all health carriers providing
26 coverage identical to the basic health plan, a model plan benefits
27 package with uniformity in enrollee cost-sharing requirements.

28 (3) To design and implement a structure of enrollee cost sharing
29 due a managed health care system from subsidized and nonsubsidized
30 enrollees. The structure shall discourage inappropriate enrollee
31 utilization of health care services, and may utilize copayments,
32 deductibles, and other cost-sharing mechanisms, but shall not be so
33 costly to enrollees as to constitute a barrier to appropriate
34 utilization of necessary health care services.

35 (4) To limit enrollment of persons who qualify for subsidies so as
36 to prevent an overexpenditure of appropriations for such purposes.
37 Whenever the administrator finds that there is danger of such an
38 overexpenditure, the administrator shall close enrollment until the
39 administrator finds the danger no longer exists.

1 (5) To limit the payment of subsidies to subsidized enrollees, as
2 defined in RCW 70.47.020. The level of subsidy provided to persons who
3 qualify may be based on the lowest cost plans, as defined by the
4 administrator.

5 (6) To adopt a schedule for the orderly development of the delivery
6 of services and availability of the plan to residents of the state,
7 subject to the limitations contained in RCW 70.47.080 or any act
8 appropriating funds for the plan.

9 (7) To solicit and accept applications from managed health care
10 systems, as defined in this chapter, for inclusion as eligible basic
11 health care providers under the plan. The administrator shall endeavor
12 to assure that covered basic health care services are available to any
13 enrollee of the plan from among a selection of two or more
14 participating managed health care systems. In adopting any rules or
15 procedures applicable to managed health care systems and in its
16 dealings with such systems, the administrator shall consider and make
17 suitable allowance for the need for health care services and the
18 differences in local availability of health care resources, along with
19 other resources, within and among the several areas of the state.
20 Contracts with participating managed health care systems shall ensure
21 that basic health plan enrollees who become eligible for medical
22 assistance may, at their option, continue to receive services from
23 their existing providers within the managed health care system if such
24 providers have entered into provider agreements with the department of
25 social and health services.

26 (8) To receive periodic premiums from or on behalf of subsidized
27 and nonsubsidized enrollees, deposit them in the basic health plan
28 operating account, keep records of enrollee status, and authorize
29 periodic payments to managed health care systems on the basis of the
30 number of enrollees participating in the respective managed health care
31 systems.

32 (9) To accept applications from individuals residing in areas
33 served by the plan, on behalf of themselves and their spouses and
34 dependent children, for enrollment in the Washington basic health plan
35 as subsidized or nonsubsidized enrollees, to establish appropriate
36 minimum-enrollment periods for enrollees as may be necessary, and to
37 determine, upon application and on a reasonable schedule defined by the
38 authority, or at the request of any enrollee, eligibility due to
39 current gross family income for sliding scale premiums. No subsidy

1 may be paid with respect to any enrollee whose current gross family
2 income exceeds twice the federal poverty level or, subject to RCW
3 70.47.110, who is a recipient of medical assistance or medical care
4 services under chapter 74.09 RCW. If, as a result of an eligibility
5 review, the administrator determines that a subsidized enrollee's
6 income exceeds twice the federal poverty level and that the enrollee
7 knowingly failed to inform the plan of such increase in income, the
8 administrator may bill the enrollee for the subsidy paid on the
9 enrollee's behalf during the period of time that the enrollee's income
10 exceeded twice the federal poverty level. If a number of enrollees
11 drop their enrollment for no apparent good cause, the administrator may
12 establish appropriate rules or requirements that are applicable to such
13 individuals before they will be allowed to reenroll in the plan.

14 (10) To accept applications from business owners on behalf of
15 themselves and their employees, spouses, and dependent children, as
16 subsidized or nonsubsidized enrollees, who reside in an area served by
17 the plan. The administrator may require all or the substantial
18 majority of the eligible employees of such businesses to enroll in the
19 plan and establish those procedures necessary to facilitate the orderly
20 enrollment of groups in the plan and into a managed health care system.
21 The administrator may require that a business owner pay at least an
22 amount equal to what the employee pays after the state pays its portion
23 of the subsidized premium cost of the plan on behalf of each employee
24 enrolled in the plan. Enrollment is limited to those not eligible for
25 medicare who wish to enroll in the plan and choose to obtain the basic
26 health care coverage and services from a managed care system
27 participating in the plan. The administrator shall adjust the amount
28 determined to be due on behalf of or from all such enrollees whenever
29 the amount negotiated by the administrator with the participating
30 managed health care system or systems is modified or the administrative
31 cost of providing the plan to such enrollees changes.

32 (11) To determine the rate to be paid to each participating managed
33 health care system in return for the provision of covered basic health
34 care services to enrollees in the system. Although the schedule of
35 covered basic health care services will be the same for similar
36 enrollees, the rates negotiated with participating managed health care
37 systems may vary among the systems. In negotiating rates with
38 participating systems, the administrator shall consider the
39 characteristics of the populations served by the respective systems,

1 economic circumstances of the local area, the need to conserve the
2 resources of the basic health plan trust account, and other factors the
3 administrator finds relevant.

4 (12) To monitor the provision of covered services to enrollees by
5 participating managed health care systems in order to assure enrollee
6 access to good quality basic health care, to require periodic data
7 reports concerning the utilization of health care services rendered to
8 enrollees in order to provide adequate information for evaluation, and
9 to inspect the books and records of participating managed health care
10 systems to assure compliance with the purposes of this chapter. In
11 requiring reports from participating managed health care systems,
12 including data on services rendered enrollees, the administrator shall
13 endeavor to minimize costs, both to the managed health care systems and
14 to the plan. The administrator shall coordinate any such reporting
15 requirements with other state agencies, such as the insurance
16 commissioner and the department of health, to minimize duplication of
17 effort.

18 (13) To evaluate the effects this chapter has on private employer-
19 based health care coverage and to take appropriate measures consistent
20 with state and federal statutes that will discourage the reduction of
21 such coverage in the state.

22 (14) To develop a program of proven preventive health measures and
23 to integrate it into the plan wherever possible and consistent with
24 this chapter.

25 (15) To provide, consistent with available funding, assistance for
26 rural residents, underserved populations, and persons of color.

27 **Sec. 3.** RCW 48.43.025 and 1997 c . . . s 203 (Engrossed Substitute
28 House Bill No. 2018) are each amended to read as follows:

29 (1) Except as permitted in RCW 48.43.035 or otherwise specified in
30 this section (~~(and in RCW 48.43.035)~~):

31 (a) No carrier may reject an individual for health plan coverage
32 based upon preexisting conditions of the individual.

33 (b) No carrier may deny, exclude, or otherwise limit coverage for
34 an individual's preexisting health conditions; except that a carrier
35 may impose a three-month benefit waiting period for preexisting
36 conditions for which medical advice was given, or for which a health
37 care provider recommended or provided treatment within three months
38 before the effective date of coverage.

1 (c) Every health carrier offering any individual health plan to any
2 individual must allow open enrollment to eligible applicants into all
3 individual health plans offered by the carrier during the full months
4 of July and August of each year. The individual health plans exempt
5 from guaranteed continuity under RCW 48.43.035(4) are exempt from this
6 requirement. All applications for open enrollment coverage must be
7 complete and postmarked to or received by the carrier in the months of
8 July or August in any year following July 27, 1997. Coverage for these
9 applicants must begin the first day of the next month subject to
10 receipt of timely payment consistent with the terms of the policies.

11 (d) At any time other than the open enrollment period specified in
12 (c) of this subsection, a carrier may either decline to accept an
13 applicant for enrollment or apply to such applicant's coverage a
14 preexisting condition benefit waiting period not to exceed the amount
15 of time remaining until the next open enrollment period, or three
16 months, whichever is greater, provided that in either case all of the
17 following conditions are met:

18 (i) The applicant has not maintained coverage as required in (f) of
19 this subsection;

20 (ii) The applicant is not applying as a newly eligible dependent
21 meeting the requirements of (g) of this subsection; and

22 (iii) The carrier uses uniform health evaluation criteria and
23 practices among all individual health plans it offers.

24 (e) If a carrier exercises the options specified in (d) of this
25 subsection it must advise the applicant in writing within ten business
26 days of such decision. Notice of the availability of Washington state
27 health insurance pool coverage and a brochure outlining the benefits
28 and exclusions of the Washington state health insurance pool policy or
29 policies must be provided in accordance with RCW 48.41.180 to any
30 person rejected for individual health plan coverage, who has had any
31 health condition limited or excluded through health underwriting or who
32 otherwise meets requirements for notice in chapter 48.41 RCW. Provided
33 timely and complete application is received by the pool, eligible
34 individuals shall be enrolled in the Washington state health insurance
35 pool in an expeditious manner as determined by the board of directors
36 of the pool.

37 (f) A carrier may not refuse enrollment at any time based upon
38 health evaluation criteria to otherwise eligible applicants who have
39 been covered for any part of the three-month period immediately

1 preceding the date of application for the new individual health plan
2 under a comparable group or individual health benefit plan with
3 substantially similar benefits. For purposes of this subsection, in
4 addition to provisions in RCW 48.43.015, the following publicly
5 administered coverage shall be considered comparable health benefit
6 plans: The basic health plan established by chapter 70.47 RCW; the
7 medical assistance program established by chapter 74.09 RCW; and the
8 Washington state health insurance pool, established by chapter 48.41
9 RCW, as long as the person is continuously enrolled in the pool until
10 the next open enrollment period. If the person is enrolled in the pool
11 for less than three months, she or he will be credited for that period
12 up to three months.

13 (g) A carrier must accept for enrollment all newly eligible
14 dependents of an enrollee for enrollment onto the enrollee's individual
15 health plan at any time of the year, provided application is made
16 within sixty-three days of eligibility, or such longer time as provided
17 by law or contract.

18 (h) At no time are carriers required to accept for enrollment any
19 individual residing outside the state of Washington, except for
20 qualifying dependents who reside outside the carrier service area.

21 (2) No carrier may avoid the requirements of this section through
22 the creation of a new rate classification or the modification of an
23 existing rate classification. A new or changed rate classification
24 will be deemed an attempt to avoid the provisions of this section if
25 the new or changed classification would substantially discourage
26 applications for coverage from individuals or groups who are higher
27 than average health risks. The provisions of this section apply only
28 to individuals who are Washington residents.

29 **Sec. 4.** RCW 48.43.035 and 1997 c . . . s 204 (Engrossed Substitute
30 House Bill No. 2018) are each amended to read as follows:

31 (1) Except as permitted in RCW 48.43.025 or otherwise specified in
32 this section ((and in RCW 48.43.025)), every health carrier shall
33 accept for enrollment any state resident within the carrier's service
34 area and provide or assure the provision of all covered services
35 regardless of age, sex, family structure, ethnicity, race, health
36 condition, geographic location, employment status, socioeconomic
37 status, other condition or situation, or the provisions of RCW
38 49.60.174(2). The insurance commissioner may grant a temporary

1 exemption from this subsection, if, upon application by a health
2 carrier the commissioner finds that the clinical, financial, or
3 administrative capacity to serve existing enrollees will be impaired if
4 a health carrier is required to continue enrollment of additional
5 eligible individuals.

6 (2) Except as provided in subsection (6) of this section, all
7 health plans shall contain or incorporate by endorsement a guarantee of
8 the continuity of coverage of the plan. For the purposes of this
9 section, a plan is "renewed" when it is continued beyond the earliest
10 date upon which, at the carrier's sole option, the plan could have been
11 terminated for other than nonpayment of premium. In the case of group
12 plans, the carrier may consider the group's anniversary date as the
13 renewal date for purposes of complying with the provisions of this
14 section.

15 (3) The guarantee of continuity of coverage required in health
16 plans shall not prevent a carrier from canceling or nonrenewing a
17 health plan for:

18 (a) Nonpayment of premium;

19 (b) Violation of published policies of the carrier approved by the
20 insurance commissioner;

21 (c) Covered persons entitled to become eligible for medicare
22 benefits by reason of age who fail to apply for a medicare supplement
23 plan or medicare cost, risk, or other plan offered by the carrier
24 pursuant to federal laws and regulations;

25 (d) Covered persons who fail to pay any deductible or copayment
26 amount owed to the carrier and not the provider of health care
27 services;

28 (e) Covered persons committing fraudulent acts as to the carrier;

29 (f) Covered persons who materially breach the health plan;

30 (g) Change or implementation of federal or state laws that no
31 longer permit the continued offering of such coverage; or

32 (h) Cessation of a plan in accordance with subsection (5) or (7) of
33 this section.

34 (4) The provisions of this section do not apply in the following
35 cases:

36 (a) A carrier has zero enrollment on a product;

37 (b) A carrier replaces a product and the replacement product is
38 provided to all covered persons within that class or line of business,
39 includes all of the services covered under the replaced product, and

1 does not significantly limit access to the kind of services covered
2 under the replaced product. The health plan may also allow
3 unrestricted conversion to a fully comparable product; or

4 (c) A carrier is withdrawing from a service area or from a segment
5 of its service area because the carrier has demonstrated to the
6 insurance commissioner that the carrier's clinical, financial, or
7 administrative capacity to serve enrollees would be exceeded.

8 (5) A health carrier may discontinue or materially modify a
9 particular health plan, only if:

10 (a) The health carrier provides notice to each covered person or
11 group provided coverage of this type of such discontinuation or
12 modification at least ninety days prior to the date of the
13 discontinuation or modification of coverage;

14 (b) The health carrier offers to each covered person or group
15 provided coverage of this type the option to purchase any other health
16 plan currently being offered by the health carrier to similar covered
17 persons in the market category and geographic area; and

18 (c) In exercising the option to discontinue or modify a particular
19 health plan and in offering the option of coverage under (b) of this
20 subsection, the health carrier acts uniformly without regard to any
21 health-status related factor of covered persons or persons who may
22 become eligible for coverage.

23 (6) The provisions of this section do not apply to health plans
24 deemed by the insurance commissioner to be unique or limited or have a
25 short-term purpose, after a written request for such classification by
26 the carrier and subsequent written approval by the insurance
27 commissioner.

28 (7) A health carrier may discontinue all health plan coverage in
29 one or more of the following lines of business:

30 (a)(i) Individual; or

31 (ii)(A) Small group (1-50 eligible employees); and

32 (B) Large group (51+ eligible employees);

33 (b) Only if:

34 (i) The health carrier provides notice to the office of the
35 insurance commissioner and to each person covered by a plan within the
36 line of business of such discontinuation at least one hundred eighty
37 days prior to the expiration of coverage; and

1 (ii) All plans issued or delivered in the state by the health
2 carrier in such line of business are discontinued, and coverage under
3 such plans in such line of business is not renewed; and

4 (iii) The health carrier may not issue any health plan coverage in
5 the line of business and state involved during the five-year period
6 beginning on the date of the discontinuation of the last health plan
7 not so renewed.

8 (8) The portability provisions of RCW 48.43.015 continue to apply
9 to all enrollees whose health insurance coverage is modified or
10 discontinued pursuant to this section.

11 (9) Nothing in this section modifies a health carrier's
12 responsibility to offer the basic health plan model plan as required by
13 RCW 70.47.060(2)(d).

14 **Sec. 5.** RCW 48.41.060 and 1997 c . . . s 211 (Engrossed Substitute
15 House Bill No. 2018) are each amended to read as follows:

16 The board shall have the general powers and authority granted under
17 the laws of this state to insurance companies, health care service
18 contractors, and health maintenance organizations, licensed or
19 registered to offer or provide the kinds of health coverage defined
20 under this title. In addition thereto, the board may:

21 (1) Enter into contracts as are necessary or proper to carry out
22 the provisions and purposes of this chapter including the authority,
23 with the approval of the commissioner, to enter into contracts with
24 similar pools of other states for the joint performance of common
25 administrative functions, or with persons or other organizations for
26 the performance of administrative functions;

27 (2) Sue or be sued, including taking any legal action as necessary
28 to avoid the payment of improper claims against the pool or the
29 coverage provided by or through the pool;

30 (3) Establish appropriate rates, rate schedules, rate adjustments,
31 expense allowances, agent referral fees, claim reserve formulas and any
32 other actuarial functions appropriate to the operation of the pool.
33 Rates shall not be unreasonable in relation to the coverage provided,
34 the risk experience, and expenses of providing the coverage. Rates and
35 rate schedules may be adjusted for appropriate risk factors such as age
36 and area variation in claim costs and shall take into consideration
37 appropriate risk factors in accordance with established actuarial
38 underwriting practices consistent with Washington state small group

1 plan rating requirements under RCW ((48.20.028, 48.44.022, and
2 48.46.064)) 48.44.023 and 48.46.066;

3 (4) Assess members of the pool in accordance with the provisions of
4 this chapter, and make advance interim assessments as may be reasonable
5 and necessary for the organizational or interim operating expenses.
6 Any interim assessments will be credited as offsets against any regular
7 assessments due following the close of the year;

8 (5) Issue policies of health coverage in accordance with the
9 requirements of this chapter;

10 (6) Appoint appropriate legal, actuarial and other committees as
11 necessary to provide technical assistance in the operation of the pool,
12 policy, and other contract design, and any other function within the
13 authority of the pool; and

14 (7) Conduct periodic audits to assure the general accuracy of the

5 (2) The purpose of the 1994 amendatory language to this section in

7 that premiums paid on behalf of nonsubsidized enrollees in the basic
8 health plan are subject to the premium and prepayment tax. The
9 legislature does not consider this clarifying language to either raise
10 existing taxes nor to impose a tax that did not exist previously.
