18 (e) Recommend organizations or programs in the public or private
19 sector to be used as benchmarks against which to measure the
20 performance of the program or function;

21 (f) Determine whether or not the program or function is achieving
22 the results for which it was established;

23 (g) Identify alternatives for delivering the program or service,
24 either in the public or private sector;

25 (h) Identify any duplication of services with other government
26 programs or private enterprises or gaps in services;

27 (i) Identify the costs or implications of not performing the
28 function;

29 (j) Determine the frequency with which other states perform similar
30 functions, as well as their relative funding levels and performance;

31 (k) In the event of inadequate performance by the program, identify
32 the potential for a workable, affordable plan to improve performance;

33 (l) Identify, to the extent possible, the causes of any program's
34 failure to achieve the desired results and identify alternatives for
35 reducing costs or improving service delivery, including transferring
36 functions to other public or private sector organizations; and

37 (m) Develop recommendations relating to statutes that inhibit or do
38 not contribute to the department's ability to perform its functions

1 effectively and efficiently and whether specific statutes, activities,
2 or programs should be continued, abandoned, or restructured.

3 (4) The performance audit shall be conducted under the procedures
4 established in chapter 44.28 RCW, including the preparation of
5 preliminary and final audit reports under RCW 44.28.088 and a follow-up
6 compliance report under RCW 44.28.091. The preliminary audit report
7 shall be completed by August 1, 1998, and the final audit report shall
8 be published by November 1, 1998.
