12 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

13 **Sec. 1.** RCW 72.09.010 and 1995 1st sp.s. c 19 s 2 are each amended
14 to read as follows:

15 It is the intent of the legislature to establish a comprehensive
16 system of corrections for convicted law violators within the state of
17 Washington to accomplish the following objectives.

1 (1) The system should ensure the public safety. The system should
2 be designed and managed to provide the maximum feasible safety for the
3 persons and property of the general public, the staff, and the inmates.

4 (2) The system should punish the ((~~offender~~)) inmate for violating
5 the laws of the state of Washington. This punishment should generally
6 be limited to the denial of liberty of the ((~~offender~~)) inmate.

7 (3) The system should positively impact ((~~offenders~~)) inmates by
8 stressing personal responsibility and accountability and by
9 discouraging recidivism.

10 (4) The system should treat all ((~~offenders~~)) inmates fairly and
11 equitably without regard to race, religion, sex, national origin,
12 residence, or social condition.

13 (5) The system, as much as possible, should reflect the values of
14 the community including:

15 (a) Avoiding idleness. Idleness is not only wasteful but
16 destructive to the individual and to the community.

17 (b) Adoption of the work ethic. It is the community expectation
18 that all individuals should work and through their efforts benefit both
19 themselves and the community.

20 (c) Providing opportunities for self improvement. All individuals
21 should have opportunities to grow and expand their skills and abilities
22 so as to fulfill their role in the community.

23 (d) Linking the receipt or denial of privileges to responsible
24 behavior and accomplishments. The individual who works to improve
25 himself or herself and the community should be rewarded for these
26 efforts. As a corollary, there should be no rewards for no effort.

27 (e) Sharing in the obligations of the community. All citizens, the
28 public and inmates alike, have a personal and fiscal obligation in the
29 corrections system. All communities must share in the responsibility
30 of the corrections system.

31 (6) The system should provide for prudent management of resources.
32 The avoidance of unnecessary or inefficient public expenditures on the
33 part of ((~~offenders~~)) inmates and the department is essential.
34 ((~~Offenders~~)) Inmates must be accountable to the department, and the
35 department to the public and the legislature. The human and fiscal
36 resources of the community are limited. The management and use of
37 these resources can be enhanced by wise investment, productive
38 programs, the reduction of duplication and waste, and the joining
39 together of all involved parties in a common endeavor. Since most

1 ((~~offenders~~)) inmates return to the community, it is wise for the state
2 and the communities to make an investment in effective habilitation and
3 rehabilitation programs for ((~~offenders~~)) inmates and the wise use of
4 resources.

5 (7) The system should provide for restitution. Those who have
6 damaged others, persons or property, have a responsibility to make
7 restitution for these damages.

8 (8) The system should be accountable to the citizens of the state.
9 In return, the individual citizens and local units of government must
10 meet their responsibilities to make the corrections system effective.

11 (9) The system should not damage the interests of law-abiding
12 residents of the state of Washington and should hold their interests
13 above the interests of inmates, when those interests are in conflict.

14 (10) The system should meet those national standards which the
15 state determines to be appropriate.

3 to RCW 72.62.050 the existing committee shall also advise the board of
4 directors.

5 (6) The board shall develop a strategic yearly marketing plan that

16 for a period of two years from the termination of membership on the
17 board of directors. Violation of this subsection (7) shall result in
18 termination of any agreement or contract between the violator and the
19 department.

20 **Sec. 4.** RCW 72.09.080 and 1993 sp.s. c 20 s 4 are each amended to

10 membership of the board of directors and replace any member who does
11 not meet the current statutory requirements for membership on the board
12 of directors. Prior to making an appointment of a representative from
13 business or a representative from labor, the governor shall request
14 nominations from appropriate state-wide organizations.

15 **Sec. 5.** RCW 72.09.090 and 1989 c 185 s 6 are each amended to read
16 as follows:

17 The correctional industries account is established in the state
18 treasury. The department of corrections shall deposit in the account
19 all moneys collected and all profits that accrue from the industrial
20 and agricultural operations of the department and any moneys
21 appropriated to the account. Moneys in the account may be spent only
22 for expenses arising in the correctional industries operations.

23 The division's net profits from correctional industries' sales and
24 contracts shall be reinvested as directed by the board of directors,
25 without appropriation, in the expansion and improvement of correctional
26 industries. However, the board of directors shall annually recommend
27 that some portion of the profits from correctional industries be
28 returned to the state general fund.

29 The board ((and secretary)) shall request appropriations or
30 increased appropriations whenever it appears that additional money is
31 needed to provide for the establishment and operation of a
32 comprehensive correctional industries program.

33 **Sec. 6.** RCW 72.09.100 and 1995 1st sp.s. c 19 s 33 are each
34 amended to read as follows:

35 It is the intent of the legislature to consolidate and vest in the
36 ((department)) correctional industries board of directors the power to
37 provide for a comprehensive inmate work program and to remove statutory

1 and other restrictions which have limited work programs in the past.
2 For purposes of establishing such a comprehensive program, the
3 legislature recommends that the ((department)) correctional industries
4 board of directors consider adopting any or all, or any variation of,
5 the following classes of work programs:

6 (1) CLASS I: FREE VENTURE INDUSTRIES. The employer model
7 industries in this class shall be operated and managed in total or in
8 part by any profit or nonprofit organization pursuant to an agreement
9 between the organization and the department. The organization shall
10 produce goods or services for sale to both the public and private
11 sector.

12 The customer model industries in this class shall be operated and
13 managed by the department to provide Washington state manufacturers or
14 businesses with products or services currently produced or provided by
15 out-of-state or foreign suppliers.

16 The correctional industries board of directors shall review these
17 proposed industries before the department enters into any agreements or
18 contracts ((to provide such products or services)). The review shall
19 include an assessment of the possibility that an unfair competitive
20 advantage may be provided to an organization and an analysis of the
21 potential impact of the proposed products and services on the
22 Washington state business community and labor market.

23 The department of corrections shall supply appropriate security and
24 custody services without charge to the participating firms.

25 Inmates who work in free venture industries shall do so at their
26 own choice. They shall be paid a wage comparable to the wage paid for
27 work of a similar nature in the locality in which the industry is
28 located, as determined by the director of correctional industries in
29 accordance with rules adopted by the correctional industries board of
30 directors. If the director cannot reasonably determine the comparable
31 wage, then the pay shall not be less than the federal minimum wage.

32 An inmate who is employed in the class I program of correctional
33 industries shall not be eligible for unemployment compensation benefits
34 pursuant to any of the provisions of Title 50 RCW until released on
35 parole or discharged.

36 (2) CLASS II: TAX REDUCTION INDUSTRIES. Industries in this class
37 shall be state-owned and operated enterprises designed to reduce the
38 costs for goods and services for tax-supported agencies and for
39 nonprofit organizations. The industries selected for development

1 within this class shall, as much as possible, match the available pool
2 of inmate work skills and aptitudes with the work opportunities in the
3 free community. The industries shall be closely patterned after
4 private sector industries but with the objective of reducing public
5 support costs rather than making a profit. The products and services
6 of this industry, including purchased products and services necessary
7 for a complete product line, may be sold to public agencies, to
8 nonprofit organizations, and to private contractors when the goods
9 purchased will be ultimately used by a public agency or a nonprofit
10 organization. Clothing manufactured by an industry in this class may
11 be donated to nonprofit organizations that provide clothing free of
12 charge to low-income persons. Correctional industries products and
13 services shall be reviewed by the correctional industries board of
14 directors before offering such products and services for sale (~~to~~
15 ~~private contractors~~). The review shall include an assessment of the
16 possibility that an unfair competitive advantage may be provided to an
17 organization and an analysis of the potential impact of the proposed
18 products and services on the Washington state business community and
19 labor market. The board of directors shall conduct a yearly marketing
20 review of the products and services offered under this subsection.
21 Such review shall include an analysis of the potential impact of the
22 proposed products and services on the Washington state business
23 community. To avoid waste or spoilage and consequent loss to the
24 state, when there is no public sector market for such goods, byproducts
25 and surpluses of timber, agricultural, and animal husbandry enterprises
26 may be sold to private persons, at private sale. Surplus byproducts
27 and surpluses of timber, agricultural and animal husbandry enterprises
28 that cannot be sold to public agencies or to private persons may be
29 donated to nonprofit organizations. All sales of surplus products
30 shall be carried out in accordance with rules prescribed by the
31 (~~secretary~~) correctional industries board of directors.

32 Security and custody services shall be provided without charge by
33 the department of corrections.

34 Inmates working in this class of industries shall do so at their
35 own choice and shall be paid for their work on a gratuity scale which
36 shall not exceed the wage paid for work of a similar nature in the
37 locality in which the industry is located and which is approved by the
38 director of correctional industries in accordance with rules adopted by
39 the correctional industries board of directors.

1 Subject to approval of the correctional industries board,
2 provisions of RCW 41.06.380 and 41.06.382 prohibiting contracting out
3 work performed by classified employees shall not apply to contracts
4 with Washington state businesses entered into by the department of
5 corrections through class II industries.

6 (3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES. Industries in
7 this class shall be operated, in accordance with rules adopted under
8 RCW 72.64.020, by the department of corrections. They shall be
9 designed and managed to accomplish the following objectives:

10 (a) Whenever possible, to provide basic work training and
11 experience so that the inmate will be able to qualify for better work
12 both within correctional industries and the free community. It is not
13 intended that an inmate's work within this class of industries should
14 be his or her final and total work experience as an inmate.

15 (b) Whenever possible, to provide forty hours of work or work
16 training per week.

17 (c) Whenever possible, to offset tax and other public support
18 costs.

19 Supervising, management, and custody staff shall be employees of
20 the department.

21 All able and eligible inmates who are assigned work and who are not
22 working in other classes of industries shall work in this class.

23 Except for inmates who work in work training programs or in
24 competition with inmate labor, inmates in this class shall be paid for
25 their work in accordance with an inmate gratuity scale. The scale
26 shall be adopted by the (~~secretary of corrections~~) correctional
27 industries board of directors.

28 (4) CLASS IV: COMMUNITY WORK INDUSTRIES. Industries in this class
29 shall be operated, in accordance with rules adopted under RCW
30 72.64.020, by the department of corrections. They shall be designed
31 and managed to provide services in the inmate's resident community at
32 a reduced cost. The services shall be provided to public agencies, to
33 persons who are poor or infirm, or to nonprofit organizations.

34 Inmates in this program shall reside in facilities owned by,
35 contracted for, or licensed by the department of corrections. A unit
36 of local government shall provide work supervision services without
37 charge to the state and shall pay the inmate's wage.

1 The department of corrections shall reimburse participating units
2 of local government for liability and workers compensation insurance
3 costs.

4 Inmates who work in this class of industries shall do so at their
5 own choice and shall receive a gratuity which shall not exceed the wage
6 paid for work of a similar nature in the locality in which the industry
7 is located.

8 (5) CLASS V: COMMUNITY SERVICE PROGRAMS. Programs in this class
9 shall be subject to supervision by the department of corrections. The
10 purpose of this class of industries is to enable an inmate, placed on
11 community supervision, to work off all or part of a community service
12 order as ordered by the sentencing court.

13 Employment shall be in a community service program operated, in
14 accordance with rules adopted under RCW 72.64.020, by the state, local
15 units of government, or a nonprofit agency.

16 To the extent that funds are specifically made available for such
17 purposes, the department of corrections shall reimburse nonprofit
18 agencies for workers compensation insurance costs.

19 NEW SECTION. **Sec. 7.** A new section is added to chapter 72.09 RCW
20 to read as follows:

21 In performing the reviews required by RCW 72.09.100, the
22 correctional industries board of directors shall reject:

23 (1) An agreement or contract that would provide an unfair
24 competitive advantage, in comparison to the Washington state business
25 community or labor market, to any organization; or

26 (2) An agreement or contract that would negatively impact the
27 Washington state business community or labor market.

28 In establishing rules for work programs, the correctional
29 industries board of directors shall ensure that there will not be a
30 negative impact upon the Washington state business community or labor
31 market.

32 In the assessment of negative impact, the correctional industries
33 board of directors may consider the offsetting positive impacts upon
34 the Washington state business community and labor market created by
35 achieving the goals of this chapter through the work programs.

36 The correctional industries board of directors shall, before July
37 1, 1998, review all existing work programs, and seek modification or

1 termination of a work program that would not be approved under the
2 criteria established in this section.

3 **Sec. 8.** RCW 72.09.104 and 1983 c 296 s 3 are each amended to read
4 as follows:

5 The department of general administration and the department of
6 corrections, in accordance with rules adopted under RCW 72.64.020,
7 shall implement prison work programs to operate automated data input
8 and retrieval systems for appropriate departments of state government.

9 **Sec. 9.** RCW 72.09.106 and 1989 c 185 s 8 are each amended to read
10 as follows:

11 Class II correctional industries may, with the approval of the
12 correctional industries board of directors, subcontract its data input
13 and microfilm capacities to firms from the private sector. Inmates
14 employed under these subcontracts will be paid in accordance with the
15 Class I free venture industries procedures and wage scale.

16 **Sec. 10.** RCW 72.09.111 and 1994 sp.s. c 7 s 534 are each amended
17 to read as follows:

18 (1) The secretary shall deduct from the gross wages or gratuities
19 of each inmate working in correctional industries work programs, taxes
20 and legal financial obligations. The secretary shall develop a formula
21 for the distribution of offender wages and gratuities.

22 (a) The formula shall include the following minimum deductions from
23 class I gross wages and from all others earning at least minimum wage:

24 (i) Five percent to the public safety and education account for the
25 purpose of crime victims' compensation;

26 (ii) Ten percent to a department personal inmate savings account;
27 and

28 (iii) Twenty percent to the department to contribute to the cost of
29 incarceration.

30 (b) The formula shall include the following minimum deductions from
31 class II gross gratuities:

32 (i) Five percent to the public safety and education account for the
33 purpose of crime victims' compensation;

34 (ii) Ten percent to a department personal inmate savings account;
35 and

1 (iii) Fifteen percent to the department to contribute to the cost
2 of incarceration.

3 (c) The formula shall include the following minimum deduction from
4 class IV gross gratuities: Five percent to the department to
5 contribute to the cost of incarceration.

6 (d) The formula shall include the following minimum deductions from
7 class III gratuities: Five percent for the purpose of crime victims'
8 compensation.

9 Any person sentenced to life imprisonment without possibility of
10 release or parole under chapter 10.95 RCW shall be exempt from the
11 requirement under (a)(ii) or (b)(ii) of this subsection.

12 The department personal inmate savings account, together with any
13 accrued interest, shall only be available to an inmate at the time of
14 his or her release from confinement, unless the secretary determines
15 that an emergency exists for the inmate, at which time the funds can be
16 made available to the inmate in an amount determined by the secretary.
17 The management of classes I, II, and IV correctional industries may
18 establish an incentive payment for offender workers based on
19 productivity criteria. This incentive shall be paid separately from
20 the hourly wage/gratuity rate and shall not be subject to the specified
21 deduction for cost of incarceration.

22 In the event that the ((~~offender~~)) inmate worker's wages or
23 gratuity is subject to garnishment for support enforcement, the crime
24 victims' compensation, savings, and cost of incarceration deductions
25 shall be calculated on the net wages after taxes, legal financial
26 obligations, and garnishment.

27 (2) The department shall explore other methods of recovering a
28 portion of the cost of the inmate's incarceration and for encouraging
29 participation in work programs, including development of incentive
30 programs that offer inmates benefits and amenities paid for only from
31 wages earned while working in a correctional industries work program.

32 (3) The department shall develop the necessary administrative
33 structure to recover inmates' wages and keep records of the amount
34 inmates pay for the costs of incarceration and amenities. All funds
