SENATE BILL 5978

---

State of Washington

55th Legislature

1997 Regular Session

By Senators Benton, Franklin, Schow, Patterson, Roach, Thibaudeau, Oke, Kohl and Spanel

Read first time 02/24/97. Referred to Committee on Health & Long-Term Care.

1 AN ACT Relating to medical rehabilitation and chiropractic  
2 services; and reenacting and amending RCW 70.47.060.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 **Sec. 1.** RCW 70.47.060 and 1995 c 266 s 1 and 1995 c 2 s 4 are each  
5 reenacted and amended to read as follows:

6 The administrator has the following powers and duties:

7 (1) To design and from time to time revise a schedule of covered  
8 basic health care services, including physician services, inpatient and  
9 outpatient hospital services, prescription drugs and medications,  
10 medical rehabilitation services in all settings, chiropractic services,  
11 and other services that may be necessary for basic health care. In  
12 addition, the administrator may offer as basic health plan services  
13 chemical dependency services, mental health services and organ  
14 transplant services; however, no one service or any combination of  
15 these three services shall increase the actuarial value of the basic  
16 health plan benefits by more than five percent excluding inflation, as  
17 determined by the office of financial management. All subsidized and  
18 nonsubsidized enrollees in any participating managed health care system  
19 under the Washington basic health plan shall be entitled to receive

1 (~~covered basic health care services~~) covered basic health care  
2 services in return for premium payments to the plan. The schedule of  
3 services shall emphasize proven preventive and primary health care and  
4 shall include all services necessary for prenatal, postnatal, and well-  
5 child care. However, with respect to coverage for groups of subsidized  
6 enrollees who are eligible to receive prenatal and postnatal services  
7 through the medical assistance program under chapter 74.09 RCW, the  
8 administrator shall not contract for such services except to the extent  
9 that such services are necessary over not more than a one-month period  
10 in order to maintain continuity of care after diagnosis of pregnancy by  
11 the managed care provider. The schedule of services shall also include  
12 a separate schedule of basic health care services for children,  
13 eighteen years of age and younger, for those subsidized or  
14 nonsubsidized enrollees who choose to secure basic coverage through the  
15 plan only for their dependent children. In designing and revising the  
16 schedule of services, the administrator shall consider the guidelines  
17 for assessing health services under the mandated benefits act of 1984,  
18 RCW 48.42.080, and such other factors as the administrator deems  
19 appropriate.

20 However, with respect to coverage for subsidized enrollees who are  
21 eligible to receive prenatal and postnatal services through the medical  
22 assistance program under chapter 74.09 RCW, the administrator shall not  
23 contract for such services except to the extent that the services are  
24 necessary over not more than a one-month period in order to maintain  
25 continuity of care after diagnosis of pregnancy by the managed care  
26 provider.

27 (2)(a) To design and implement a structure of periodic premiums due  
28 the administrator from subsidized enrollees that is based upon gross  
29 family income, giving appropriate consideration to family size and the  
30 ages of all family members. The enrollment of children shall not  
31 require the enrollment of their parent or parents who are eligible for  
32 the plan. The structure of periodic premiums shall be applied to  
33 subsidized enrollees entering the plan as individuals pursuant to  
34 subsection (9) of this section and to the share of the cost of the plan  
35 due from subsidized enrollees entering the plan as employees pursuant  
36 to subsection (10) of this section.

37 (b) To determine the periodic premiums due the administrator from  
38 nonsubsidized enrollees. Premiums due from nonsubsidized enrollees  
39 shall be in an amount equal to the cost charged by the managed health

1 care system provider to the state for the plan plus the administrative  
2 cost of providing the plan to those enrollees and the premium tax under  
3 RCW 48.14.0201.

4 (c) An employer or other financial sponsor may, with the prior  
5 approval of the administrator, pay the premium, rate, or any other  
6 amount on behalf of a subsidized or nonsubsidized enrollee, by  
7 arrangement with the enrollee and through a mechanism acceptable to the  
8 administrator, but in no case shall the payment made on behalf of the  
9 enrollee exceed the total premiums due from the enrollee.

10 (d) To develop, as an offering by all health carriers providing  
11 coverage identical to the basic health plan, a model plan benefits  
12 package with uniformity in enrollee cost-sharing requirements.

13 (3) To design and implement a structure of enrollee cost sharing  
14 due a managed health care system from subsidized and nonsubsidized  
15 enrollees. The structure shall discourage inappropriate enrollee  
16 utilization of health care services, and may utilize copayments,  
17 deductibles, and other cost-sharing mechanisms, but shall not be so  
18 costly to enrollees as to constitute a barrier to appropriate  
19 utilization of necessary health care services.

20 (4) To limit enrollment of persons who qualify for subsidies so as  
21 to prevent an overexpenditure of appropriations for such purposes.  
22 Whenever the administrator finds that there is danger of such an  
23 overexpenditure, the administrator shall close enrollment until the  
24 administrator finds the danger no longer exists.

25 (5) To limit the payment of subsidies to subsidized enrollees, as  
26 defined in RCW 70.47.020. The level of subsidy provided to persons who  
27 qualify may be based on the lowest cost plans, as defined by the  
28 administrator.

29 (6) To adopt a schedule for the orderly development of the delivery  
30 of services and availability of the plan to residents of the state,  
31 subject to the limitations contained in RCW 70.47.080 or any act  
32 appropriating funds for the plan.

33 (7) To solicit and accept applications from managed health care  
34 systems, as defined in this chapter, for inclusion as eligible basic  
35 health care providers under the plan. The administrator shall endeavor  
36 to assure that covered basic health care services are available to any  
37 enrollee of the plan from among a selection of two or more  
38 participating managed health care systems. In adopting any rules or  
39 procedures applicable to managed health care systems and in its

1 dealings with such systems, the administrator shall consider and make  
2 suitable allowance for the need for health care services and the  
3 differences in local availability of health care resources, along with  
4 other resources, within and among the several areas of the state.  
5 Contracts with participating managed health care systems shall ensure  
6 that basic health plan enrollees who become eligible for medical  
7 assistance may, at their option, continue to receive services from  
8 their existing providers within the managed health care system if such  
9 providers have entered into provider agreements with the department of  
10 social and health services.

11 (8) To receive periodic premiums from or on behalf of subsidized  
12 and nonsubsidized enrollees, deposit them in the basic health plan  
13 operating account, keep records of enrollee status, and authorize  
14 periodic payments to managed health care systems on the basis of the  
15 number of enrollees participating in the respective managed health care  
16 systems.

17 (9) To accept applications from individuals residing in areas  
18 served by the plan, on behalf of themselves and their spouses and  
19 dependent children, for enrollment in the Washington basic health plan  
20 as subsidized or nonsubsidized enrollees, to establish appropriate  
21 minimum-enrollment periods for enrollees as may be necessary, and to  
22 determine, upon application and on a reasonable schedule defined by the  
23 authority, or at the request of any enrollee, eligibility due to  
24 current gross family income for sliding scale premiums. No subsidy  
25 may be paid with respect to any enrollee whose current gross family  
26 income exceeds twice the federal poverty level or, subject to RCW  
27 70.47.110, who is a recipient of medical assistance or medical care  
28 services under chapter 74.09 RCW. If, as a result of an eligibility  
29 review, the administrator determines that a subsidized enrollee's  
30 income exceeds twice the federal poverty level and that the enrollee  
31 knowingly failed to inform the plan of such increase in income, the  
32 administrator may bill the enrollee for the subsidy paid on the  
33 enrollee's behalf during the period of time that the enrollee's income  
34 exceeded twice the federal poverty level. If a number of enrollees  
35 drop their enrollment for no apparent good cause, the administrator may  
36 establish appropriate rules or requirements that are applicable to such  
37 individuals before they will be allowed to reenroll in the plan.

38 (10) To accept applications from business owners on behalf of  
39 themselves and their employees, spouses, and dependent children, as

1 subsidized or nonsubsidized enrollees, who reside in an area served by  
2 the plan. The administrator may require all or the substantial  
3 majority of the eligible employees of such businesses to enroll in the  
4 plan and establish those procedures necessary to facilitate the orderly  
5 enrollment of groups in the plan and into a managed health care system.  
6 The administrator may require that a business owner pay at least an  
7 amount equal to what the employee pays after the state pays its portion  
8 of the subsidized premium cost of the plan on behalf of each employee  
9 enrolled in the plan. Enrollment is limited to those not eligible for  
10 medicare who wish to enroll in the plan and choose to obtain the basic  
11 health care coverage and services from a managed care system  
12 participating in the plan. The administrator shall adjust the amount  
13 determined to be due on behalf of or from all such enrollees whenever  
14 the amount negotiated by the administrator with the participating  
15 managed health care system or systems is modified or the administrative  
16 cost of providing the plan to such enrollees changes.

17 (11) To determine the rate to be paid to each participating managed  
18 health care system in return for the provision of covered basic health  
19 care services to enrollees in the system. Although the schedule of  
20 covered basic health care services will be the same for similar  
21 enrollees, the rates negotiated with participating managed health care  
22 systems may vary among the systems. In negotiating rates with  
23 participating systems, the administrator shall consider the  
24 characteristics of the populations served by the respective systems,  
25 economic circumstances of the local area, the need to conserve the  
26 resources of the basic health plan trust account, and other factors the  
27 administrator finds relevant.

28 (12) To monitor the provision of covered services to enrollees by  
29 participating managed health care systems in order to assure enrollee  
30 access to good quality basic health care, to require periodic data  
31 reports concerning the utilization of health care services rendered to  
32 enrollees in order to provide adequate information for evaluation, and  
33 to inspect the books and records of participating managed health care  
34 systems to assure compliance with the purposes of this chapter. In  
35 requiring reports from participating managed health care systems,  
36 including data on services rendered enrollees, the administrator shall  
37 endeavor to minimize costs, both to the managed health care systems and  
38 to the plan. The administrator shall coordinate any such reporting  
39 requirements with other state agencies, such as the insurance

1 commissioner and the department of health, to minimize duplication of  
2 effort.

3 (13) To evaluate the effects this chapter has on private employer-  
4 based health care coverage and to take appropriate measures consistent  
5 with state and federal statutes that will discourage the reduction of  
6 such coverage in the state.

7 (14) To develop a program of proven preventive health measures and  
8 to integrate it into the plan wherever possible and consistent with  
9 this chapter.

10 (15) To provide, consistent with available funding, assistance for  
11 rural residents, underserved populations, and persons of color.

--- END ---
