Brief Title: Revising requirements for grain facilities under the Washington clean air act.

HB 1033-S - DIGEST

(DIGEST AS ENACTED)

Provides that, if a registration or report has been filed for a grain warehouse or grain elevator as required under RCW 70.94.151, registration, reporting, or a registration program fee may not, after January 1, 1997, again be required for the warehouse or elevator unless the grain storage or grain handling capacity of the warehouse or elevator has been significantly expanded since the date the registration or reporting was last made.

Does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.
