Brief Title: Counting certain local sales tax revenue as locally generated.

**HB 1675 - DIGEST**

Provides that local sales and use tax revenue collected by a city with a population greater than sixty thousand that as of January 1, 1997, owns and operates a municipal public transportation system shall be counted as locally generated tax revenues for the purposes of apportionment and distribution, in the manner prescribed by chapter 82.44 RCW, of the proceeds of the motor vehicle excise tax authorized under RCW 35.58.273.
