HB 1781-S - DIGEST

(DIGEST AS ENACTED)

Creates, as a component of the homicide investigative tracking system, a supervision management and recidivist tracking system called the SMART system. The office of the attorney general may contract with any state, local, or private agency necessary for implementation of and training for supervision management and recidivist tracking program partnerships for development and operation of a state-wide computer linkage between the attorney general's homicide investigative tracking system, local police departments, and the state department of corrections. Dormant information in the supervision management and recidivist tracking system shall be automatically archived after seven years. The department of corrections shall notify the attorney general when each person is no longer under its supervision.
