

1823-S

Sponsor(s): House Committee on Government Reform & Land Use  
(originally sponsored by Representative Reams)

Brief Title: Requiring local governments to periodically update their shoreline master programs.

**HB 1823-S - DIGEST**

(AS OF HOUSE 2ND READING 3/18/97)

Requires that, at least once every ten years each local government shall formally review its entire master program and, where appropriate, adopt amendments to its master program.

Declares that this formal review is in addition to periodic amendments that are made to the master program, and in the formal review, the local government shall seek opportunities to consolidate shoreline management objectives, growth management objectives, and state environmental policy objectives.
