Brief Title: Allowing counties to inspect electrical installations.

HB 2068-S - DIGEST

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that counties should be given the same authority to perform electrical inspections as cities currently exercise.

Provides that counties opting to perform their own electrical inspections shall give, to the greatest extent possible, first consideration for employment to the trained persons currently employed by the department of labor and industries performing electrical inspections at the time of the transition.
