Brief Title: Finding that a funding mechanism for a professional sports facility should be a partnership involving business, government, facility users, and team owners.

**HB 2177 - DIGEST**

Finds that: (1) The development, improvement, maintenance, or operation of professional sports facilities requires complex funding mechanisms; and

(2) any funding mechanism should be a partnership that involves the business community, the users of the facility, government, and the owners of the professional sports franchise.
