Brief Title: Providing for employment policies to encourage parental involvement in children's education.

HB 2684 - DIGEST

Requires each employer and the governing board of each school district, in consultation with teachers, parents, guardians, and administrators, to mutually develop and adopt a policy to provide paid leave equivalent to eight hours per calendar year to employees who are parents of children in public school in order that they may attend school conferences and meetings required by the school.

Requires each employer and the governing board of each school district, in consultation with teachers, parents, guardians, and administrators to mutually develop and adopt a policy to provide leave equivalent to eight hours per calendar year to employees who wish to volunteer in a public school.
