Brief Title: Creating the habitat restoration account.

**HB 2736 - DIGEST**

Requires that expenditures for watershed restoration efforts from the habitat restoration account must meet the following criteria: (1) The watershed restoration effort is based on sound science;

(2) the watershed restoration effort resolves a limiting factor for fish and or fish habitat; and

(3) the watershed restoration effort identifies a monitoring system of both implementation and effectiveness, identifies the cost of operation, and is structured to have measurable outcomes.
