Brief Title: Requiring electric utilities to unbundle the costs of their assets and operations.

HB 2831 - DIGEST

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires that, by September 30, 1998, every electric utility shall unbundle the costs of its assets and operations, to accurately allocate the costs of utility functions in serving each class of retail electric customer, and to allow for fair and accurate pricing of unbundled services and products.

Provides an exception for small utilities.
