Brief Title: Changing lake management provisions.

HB 2855 - DIGEST

Declares that lake management activities and facilities that may be provided under this act include: (1) Facilities to maintain the water level of the lake;

(2) fish ladders and other devices to conserve and protect fish and game fish in lakes;

(3) control or removal of aquatic plants and vegetation;

(4) improvement of water quality;

(5) storm water diversion and treatment;

(6) control of agricultural wastes;

(7) study of lake water quality problems and solutions;

(8) cleaning and maintenance of ditches and streams entering or leaving the lake; and

(9) payment to the county or city to regulate water safety on the lake.

Repeals RCW 90.24.060 and 90.24.066.
