Brief Title: Forbidding health carriers from using financial incentives to overtreat or limit patient care.

HB 2903 - DIGEST

Provides that no health carrier nor provider network or organization shall use payment methodologies, such as bonuses, incentives, or withholding of financial compensation, that directly or indirectly encourage any physician, nurse, or other licensed or certified provider or caregiver to overtreat patients, or deny, delay, or limit medically appropriate care to which enrollees or patients are entitled.
