Brief Title: Providing for integrated watershed management.

HB 3133 - DIGEST

Declares an intent to provide locally based groups with the opportunity to: Assess local water supplies and needs and develop strategies to provide adequate water for economic prosperity and environmental protection while protecting existing water rights; ensure that adequate water supplies are available for population and economic growth under the requirements of the state's growth management act, chapter 36.70A RCW; review water quality problems and develop a strategy for achieving compliance with water quality standards; and coordinate plans for protection and enhancement of fish habitat.
