Brief Title: Providing for certificates of registration without inspection for family day care providers.

SB 5745 - DIGEST

Provides that a family day care home holding a certificate of registration without inspection may care for a maximum of seven children younger than thirteen years of age, including the provider's own children. Of the ten children: (1) No more than six may be younger than five years of age; and

(2) no more than two may be twenty-four months of age or younger.

Provides that a certificate of registration without inspection may be revoked or suspended if the department finds: (1) That the family day care home or its operation does not comply with applicable rules, or with any term or condition imposed under the certificate; or

(2) that visitation or inspection of a family day care home or its records has not been permitted when requested by the department to investigate complaints of health and sanitation.
