Brief Title: Providing additional exemptions from state law for the handling of hazardous devices.

SB 5775 - DIGEST

(AS _____ OF SENATE 2ND READING 2/9/98)

Exempts a hazardous devices technician when carrying out normal and emergency operations, handling evidence, and operating and maintaining a specially designed emergency response vehicle that carries no more than ten pounds of explosive material or when conducting training and whose employer possesses the minimum safety equipment prescribed by the federal bureau of investigation for hazardous devices work.
