Brief Title: Reducing motor vehicle excise tax through uniform reductions in vehicle value.

SB 6112 - DIGEST

Declares an intent to reduce the rate of motor vehicle excise tax on automobiles, motorcycles, light trucks, and motor homes by a general reduction in the value of vehicles to which the tax is applied.

Declares a further intent that reductions in revenue from the motor vehicle excise tax be funded from projected surpluses in the state general fund so as to not have a detrimental effect on other programs receiving funds from the tax.
