Brief Title: Ensuring that provisions governing occupational and professional activities apply to the inmate work program.

SB 6615 - DIGEST

Declares an intent that all laws designed to protect the public interest or the health or safety of the public or of workers shall apply to inmate work programs and the use of inmate labor. These laws include but are not limited to the laws governing public works, contractor registration, professional or occupational licensing or certification, industrial safety and health, and hazardous materials. No exemption from these laws is provided by this act.
