

1 **HB 2415** - H AMD

2 By Representative Conway

3 On page 12, after line 11, strike lines 12 through 17 and insert:

4 This chapter applies to a charter public school as defined in
5 section 2 of this act and to a charter public school's employees,
6 subject to the following conditions:

7 (1) Any bargaining unit of employees of a charter public school
8 may include only the employees of the charter public school unless the
9 charter public school board of directors and the exclusive bargaining
10 representative of the charter public school employees agree otherwise;
11 and

12 (2) The exclusive bargaining representative of a charter public
13 school's employees shall be the same as the exclusive bargaining
14 representative of all other employees with similar skills and duties in
15 the school district where the charter public school is located, if the
16 district's employees are represented by an exclusive bargaining
17 representative.-

EFFECT: Allows the bargaining unit of charter public school employees to include employees of other schools if the board of directors and the bargaining representative agree. Makes the bargaining representative the same for charter school employees as other school district employees when the district's employees are represented by an exclusive bargaining representative.
