3 On page 2, line 12, after (c)- insert Facilitate the broad
4 deployment of technological improvements and advanced
5 telecommunications services to underserved areas or underserved
6 customer classes;-

7 Renumber the remaining sections consecutively and correct internal
8 references accordingly.

9 On page 2, line 36, after plan.- insert The plan must also
10 contain a proposal for ensuring adequate carrier-carrier service
11 quality, including ratepayer service quality standards, or performance
12 measures, and appropriate enforcement or remedial provisions in the
13 event the company fails to meet service quality standards or
14 performance measures.-

EFFECT: Under served areas will be considered by the commission to determine whether an AFOR is appropriate. The AFOR plan must consider carrier to carrier and ratepayer service quality standards, and enforcement measures if the company does not meet those standards.
