"**Sec. 1.** RCW 48.04.010 and 1990 1st ex.s. c 3 s 1 are each amended to read as follows:

(1) The commissioner may hold a hearing for any purpose within the scope of this code as he or she may deem necessary. The commissioner shall hold a hearing:

(a) If required by any provision of this code; or

(b) Upon written demand for a hearing made by any person aggrieved by any act, threatened act, or failure of the commissioner to act, if such failure is deemed an act under any provision of this code, or by any report, promulgation, or order of the commissioner other than an order on a hearing of which such person was given actual notice or at which such person appeared as a party, or order pursuant to the order on such hearing.

(2) Any such demand for a hearing shall specify in what respects such person is so aggrieved and the grounds to be relied upon as basis for the relief to be demanded at the hearing.

(3) Unless a person aggrieved by a written order of the commissioner demands a hearing thereon within ninety days after receiving notice of such order, or in the case of a licensee under Title 48 RCW within ninety days after the commissioner has mailed the order to the licensee at the most recent address shown in the commissioner's licensing records for the licensee, the right to such hearing shall conclusively be deemed to have been waived.

(4) If a hearing is demanded by a licensee whose license has been temporarily suspended pursuant to RCW 48.17.540, the commissioner shall hold such hearing demanded within thirty days after receipt of the demand or within thirty days of the effective date of a temporary license suspension issued after such demand, unless postponed by mutual consent.

(5) A licensee under this title may request that a hearing authorized under this section be presided over by an administrative law judge assigned under chapter 34.12 RCW. Any such request shall not be denied.

(6) Any hearing held relating to section 3, 28, or 31 of this act shall be presided over by an administrative law judge assigned under chapter 34.12 RCW.

Sec. 2. RCW 48.18.110 and 1985 c 264 s 9 are each amended to read as follows:

(1) The commissioner shall disapprove any such form of policy, application, rider, or endorsement, or withdraw any previous approval thereof, only:

(a) If it is in any respect in violation of or does not comply with this code or any applicable order or regulation of the commissioner issued pursuant to the code; or

(b) If it does not comply with any controlling filing theretofore made and approved; or

(c) If it contains or incorporates by reference any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the contract; or

(d) If it has any title, heading, or other indication of its provisions which is misleading; or

(e) If purchase of insurance thereunder is being solicited by deceptive advertising.

(2) In addition to the grounds for disapproval of any such form as provided in subsection (1) of this section, the commissioner may disapprove any form of disability insurance policy, except an individual health benefit plan, if the benefits provided therein are unreasonable in relation to the premium charged.

NEW SECTION. **Sec. 3.** A new section is added to chapter 48.20 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Claims" means the cost to the insurer of health care services, as defined in RCW 48.43.005, provided to an enrollee or paid to or on behalf of the enrollee in accordance with the terms of a health benefit

plan, as defined in RCW 48.43.005. This includes capitation payments or other similar payments made to providers for the purpose of paying for health care services for an enrollee.

(b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.

(c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.

(d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.

(e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.

(f) "Premiums earned" means premiums, as defined in RCW 48.43.005 plus any rate credits or recoupments less any refunds for the applicable period whether received before, during, or after the applicable period.

(g) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) An insurer shall file, for informational purposes only, a notice of its schedule of rates for its individual health benefit plans with the commissioner prior to use.

(3) An insurer shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:

(a) A description of the insurer’s rate-making methodology;

(b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the insurer’s projection;

(c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and

(d) A certification by a member of the American academy of actuaries, or other person acceptable to the commissioner, that the

adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any insurer providing individual health benefit plans in this state shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered in the state in aggregate for the preceding calendar year. The filing shall include a certification by a member of the American academy of actuaries, or other person acceptable to the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period commencing with the date the filing is delivered to the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio.

(b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the insurer.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written demand of either the commissioner or the insurer, be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio established in subsection (7) of this section, refunds are due and the following shall apply:

(a) The insurer shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of the subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which remittances are due to the date the remittances are made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c) of this section.

(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the insurer's individual health benefit plans under RCW 48.14.0201.

Sec. 4. RCW 48.20.028 and 1997 c 231 s 207 are each amended to read as follows:

(1)(((~~(a) An insurer offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered health benefits that are required to be delivered to an individual enrolled in the basic health plan subject to RCW 48.43.025 and 48.43.035. Nothing in this subsection shall preclude an insurer from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.~~

~~(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.20.390, 48.20.393, 48.20.395, 48.20.397, 48.20.410, 48.20.411, 48.20.412, 48.20.416, and 48.20.420 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.~~

~~(2)~~)) Premiums for health benefit plans for individuals shall be calculated using the adjusted community rating method that spreads financial risk across the carrier's entire individual product population. All such rates shall conform to the following:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age;

(iv) Tenure discounts; and

(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

((~~(3)~~)) (2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical

experience of health benefit plans offered to small employers under RCW 48.21.045.

((~~(4)~~)) (3) As used in this section, "health benefit plan," ((~~"basic health plan,"~~)) "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 5. RCW 48.41.020 and 1987 c 431 s 2 are each amended to read as follows:

The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined

in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;

The designation and approval of the standard health questionnaire by the board shall not be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the approval of the questionnaire or any modification thereto, except that the initial standard health questionnaire approved for use by the board after the effective date of this section may be used immediately following public notice of such approval;

(d) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, agent referral fees, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state small group plan rating requirements under RCW 48.44.023 and 48.46.066;

((~~(4)~~)) (e) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. ((~~(5)~~)) (f) Issue policies of health coverage in accordance with the requirements of this chapter;

((~~(6)~~)) (g) Set a reasonable fee to be paid to an insurance agent licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(h) Provide certification to the commissioner when assessments will exceed the threshold level established in section 35 of this act.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(3) Notwithstanding chapter 34.05 RCW, nothing in this section shall be considered a rule.

Sec. 9. RCW 48.41.080 and 1997 c 231 s 212 are each amended to read as follows:

The board shall select an administrator from the membership of the pool whether domiciled in this state or another state through a competitive bidding process to administer the pool.

(1) The board shall evaluate bids based upon criteria established by the board, which shall include:

(a) The administrator's proven ability to handle health coverage;

(b) The efficiency of the administrator's claim-paying procedures;

(c) An estimate of the total charges for administering the plan; and

(d) The administrator's ability to administer the pool in a cost-effective manner.

(2) The administrator shall serve for a period of three years subject to removal for cause. At least six months prior to the expiration of each three-year period of service by the administrator, the board shall invite all interested parties, including the current administrator, to submit bids to serve as the administrator for the

succeeding three-year period. Selection of the administrator for this succeeding period shall be made at least three months prior to the end of the current three-year period.

(3) The administrator shall perform such duties as may be assigned by the board including:

(a) ((~~All~~)) Administering eligibility and administrative claim payment functions relating to the pool;

(b) Establishing a premium billing procedure for collection of premiums from covered persons. Billings shall be made on a periodic basis as determined by the board, which shall not be more frequent than a monthly billing;

(c) Performing all necessary functions to assure timely payment of benefits to covered persons under the pool including:

(i) Making available information relating to the proper manner of submitting a claim for benefits to the pool, and distributing forms upon which submission shall be made;

(ii) Taking steps necessary to offer and administer managed care benefit plans; and

(iii) Evaluating the eligibility of each claim for payment by the pool;

(d) Submission of regular reports to the board regarding the operation of the pool. The frequency, content, and form of the report shall be as determined by the board;

(e) Following the close of each accounting year, determination of net paid and earned premiums, the expense of administration, and the paid and incurred losses for the year and reporting this information to the board and the commissioner on a form as prescribed by the commissioner.

(4) The administrator shall be paid as provided in the contract between the board and the administrator for its expenses incurred in the performance of its services.

Sec. 10. RCW 48.41.090 and 1989 c 121 s 6 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction((~~,~~)). The numerator of ((~~which~~)) the fraction equals that member's total: Number of resident insured persons, including spouse and dependents under the member's health plans in the state during the preceding calendar year((~~, and~~)). The denominator of ((~~which~~)) the fraction equals the total number of resident insured persons including spouses and dependents insured under all health plans in the state by pool members.

(b) Except as provided in section 35 of this act, any deficit incurred by the pool shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

Sec. 11. RCW 48.41.100 and 1995 c 34 s 5 are each amended to read as follows:

(1) ((~~Any individual~~)) The following persons who ((~~is a~~)) are residents of this state ((~~is~~)) are eligible for pool coverage ((~~upon providing evidence of rejection for medical reasons, a requirement of restrictive riders, an up-rated premium, or a preexisting conditions limitation on health insurance, the effect of which is to substantially reduce coverage from that received by a person considered a standard risk, by at least one member within six months of the date of~~

~~application. Evidence of rejection may be waived in accordance with rules adopted by the board~~)):

(a) Any person who provides evidence of a carrier's decision not to accept him or her for enrollment in an individual health benefit plan as defined in RCW 48.43.005 based upon the results of the standard health questionnaire designated by the board and administered by health carriers under section 21 of this act;

(b) Any person who resides in a county of the state where no member offers to the public any individual health benefit plan as defined in RCW 48.43.005 at the time of application to the pool and makes direct application to the pool.

(2) The following persons are not eligible for coverage by the pool:

(c) Inmates of public institutions and persons whose benefits are duplicated under public programs;

(d) Any person who resides in a county of the state where any member offers to the public an individual health benefit plan as defined in RCW 48.43.005 at the time of application to the pool and does not qualify for pool coverage based upon the results of the standard health questionnaire.

((~~(3) Any person whose health insurance coverage is involuntarily terminated for any reason other than nonpayment of premium may apply for coverage under the plan.~~))

Sec. 12. RCW 48.41.110 and 1997 c 231 s 213 are each amended to read as follows:

(1) The pool ((~~is authorized to~~)) shall offer one or more ((~~managed~~)) care management plans of coverage. Such plans may, but are not required to, include point of service features that permit participants to receive in-network benefits or out-of-network benefits subject to differential cost shares. Covered persons enrolled in the pool on January 1, ((~~1997~~)) 2001, may continue coverage under the pool

plan in which they are enrolled on that date. However, the pool may incorporate managed care features into such existing plans.

(2) The administrator shall prepare a brochure outlining the benefits and exclusions of the pool policy in plain language. After approval by the board ((~~of directors~~)), such brochure shall be made reasonably available to participants or potential participants.

(3) The health insurance policy issued by the pool shall pay only ((~~usual, customary, and~~)) reasonable ((~~charges~~)) amounts for medically necessary eligible health care services rendered or furnished for the diagnosis or treatment of illnesses, injuries, and conditions which are not otherwise limited or excluded. Eligible expenses are the ((~~usual, customary, and~~)) reasonable ((~~charges~~)) amounts for the health care services and items for which benefits are extended under the pool policy. Such benefits shall at minimum include, but not be limited to, the following services or related items:

(a) Hospital services, including charges for the most common semiprivate room, for the most common private room if semiprivate rooms do not exist in the health care facility, or for the private room if medically necessary, but limited to a total of one hundred eighty inpatient days in a calendar year, and limited to thirty days inpatient care for mental and nervous conditions, or alcohol, drug, or chemical dependency or abuse per calendar year;

(b) Professional services including surgery for the treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a health care provider, or at the direction of a health care provider, by a staff of registered or licensed practical nurses, or other health care providers;

(c) The first twenty outpatient professional visits for the diagnosis or treatment of one or more mental or nervous conditions or alcohol, drug, or chemical dependency or abuse rendered during a calendar year by one or more physicians, psychologists, or community mental health professionals, or, at the direction of a physician, by other qualified licensed health care practitioners, in the case of mental or nervous conditions, and rendered by a state certified chemical dependency program approved under chapter 70.96A RCW, in the case of alcohol, drug, or chemical dependency or abuse;

(d) Drugs and contraceptive devices requiring a prescription;

(e) Services of a skilled nursing facility, excluding custodial and convalescent care, for not more than one hundred days in a calendar year as prescribed by a physician;

(f) Services of a home health agency;

(g) Chemotherapy, radioisotope, radiation, and nuclear medicine therapy;

(h) Oxygen;

(i) Anesthesia services;

(j) Prostheses, other than dental;

(p) Hospice services;

(q) Professional ambulance service to the nearest health care facility qualified to treat the illness or injury; and

(r) Other medical equipment, services, or supplies required by physician's orders and medically necessary and consistent with the diagnosis, treatment, and condition.

((~~(3)~~)) (4) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, preadmission certification, and concurrent inpatient review which may make the pool more cost-effective.

((~~(4)~~)) (5) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the

board for nonnetwork providers under point of service plans. The pool benefit policy cost shares and limitations must be consistent with those that are generally included in health plans approved by the insurance commissioner; however, no limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

((~~(5)~~)) (6) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that it ((~~may~~)) shall impose a ((~~three-month~~)) six-month benefit waiting period for preexisting conditions for which medical advice was given, ((~~or~~)) for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within ((~~three~~)) six months before the effective date of coverage. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be provided as required by RCW 48.43.015.

Sec. 13. RCW 48.41.120 and 1989 c 121 s 8 are each amended to read as follows:

(1) Subject to the limitation provided in subsection (3) of this section, a pool policy offered in accordance with ((~~this chapter~~)) RCW 48.41.110(3) shall impose a deductible. Deductibles of five hundred dollars and one thousand dollars on a per person per calendar year basis shall initially be offered. The board may authorize deductibles in other amounts. The deductible shall be applied to the first five hundred dollars, one thousand dollars, or other authorized amount of eligible expenses incurred by the covered person.

(2) Subject to the limitations provided in subsection (3) of this section, a mandatory coinsurance requirement shall be imposed at the rate of twenty percent of eligible expenses in excess of the mandatory deductible.

(3) The maximum aggregate out of pocket payments for eligible expenses by the insured in the form of deductibles and coinsurance under a pool policy offered in accordance with RCW 48.41.110(3) shall not exceed in a calendar year:

(a) One thousand five hundred dollars per individual, or three thousand dollars per family, per calendar year for the five hundred dollar deductible policy;

(b) Two thousand five hundred dollars per individual, or five thousand dollars per family per calendar year for the one thousand dollar deductible policy; or

(c) An amount authorized by the board for any other deductible policy.

(4) Eligible expenses incurred by a covered person in the last three months of a calendar year, and applied toward a deductible, shall also be applied toward the deductible amount in the next calendar year.

Sec. 14. RCW 48.41.130 and 1997 c 231 s 215 are each amended to read as follows:

All policy forms issued by the pool shall conform in substance to prototype forms developed by the pool, and shall in all other respects conform to the requirements of this chapter, and shall be filed with and approved by the commissioner before they are issued. ((~~The pool shall not issue a pool policy to any individual who, on the effective date of the coverage applied for, already has or would have coverage substantially equivalent to a pool policy as an insured or covered dependent, or who would be eligible for such coverage if he or she elected to obtain it at a lesser premium rate. However, coverage provided by the basic health plan, as established pursuant to chapter 70.47 RCW, shall not be deemed substantially equivalent for the purposes of this section.~~))

NEW SECTION. **Sec. 15.** A new section is added to chapter 48.41 RCW to read as follows:

The board shall design and offer a care management plan of coverage with the following components:

(1) Services similar to those contained in RCW 48.41.110(3) shall be covered.

(2) Alternative payment methodologies for network providers that may include but are not limited to resource-based relative value fee schedules, capitation payments, diagnostic related group fee schedules, and other similar strategies including risk sharing arrangements.

(3) Enrollee cost-sharing that may include but not be limited to point-of-service cost-sharing for covered services and deductibles in

amounts to be determined by the board. The board shall include an annual maximum out-of-pocket payment protection in the plan.

(4) Other appropriate care management and cost containment measures determined appropriate by the board, including but not limited to, care coordination, provider network limitations, preadmission certification, and utilization review.

Sec. 16. RCW 48.41.140 and 1987 c 431 s 14 are each amended to read as follows:

(1) Coverage shall provide that health insurance benefits are applicable to children of the person in whose name the policy is issued including adopted and newly born natural children. Coverage shall also include necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. If payment of a specific premium is required to provide coverage for the child, the policy may require that notification of the birth or adoption of a child and payment of the required premium must be furnished to the pool within thirty-one days after the date of birth or adoption in order to have the coverage continued beyond the thirty-one day period. For purposes of this subsection, a child is deemed to be adopted, and benefits are payable, when the child is physically placed for purposes of adoption under the laws of this state with the person in whose name the policy is issued; and, when the person in whose name the policy is issued assumes financial responsibility for the medical expenses of the child. For purposes of this subsection, "newly born" means, and benefits are payable, from the moment of birth.

(2) A pool policy shall provide that coverage of a dependent, unmarried person shall terminate when the person becomes nineteen years of age: PROVIDED, That coverage of such person shall not terminate at age nineteen while he or she is and continues to be both (a) incapable of self-sustaining employment by reason of developmental disability or physical handicap and (b) chiefly dependent upon the person in whose name the policy is issued for support and maintenance, provided proof of such incapacity and dependency is furnished to the pool by the policy holder within thirty-one days of the dependent’s attainment of age nineteen and subsequently as may be required by the pool but not more frequently than annually after the two-year period following the dependent’s attainment of age nineteen.

((~~(3) A pool policy may contain provisions under which coverage is excluded during a period of six months following the effective date of coverage as to a given covered individual for preexisting conditions, as long as medical advice or treatment was recommended or received within a period of six months before the effective date of coverage.~~

~~These preexisting condition exclusions shall be waived to the extent to which similar exclusions have been satisfied under any prior health insurance which was for any reason other than nonpayment of premium involuntarily terminated, if the application for pool coverage is made not later than thirty days following the involuntary termination. In that case, with payment of appropriate premium, coverage in the pool shall be effective from the date on which the prior coverage was terminated.~~))

Sec. 17. RCW 48.41.200 and 1997 c 231 s 214 are each amended to read as follows:

(1) The pool shall determine the standard risk rate by calculating the average ((~~group~~)) individual standard rate ((~~for groups comprised of up to fifty persons~~)) charged for coverage comparable to pool coverage by the five largest members, measured in terms of individual market enrollment, offering such coverages in the state ((~~comparable to the pool coverage~~)). In the event five members do not offer comparable coverage, the standard risk rate shall be established using reasonable actuarial techniques and shall reflect anticipated experience and expenses for such coverage in the individual market.

(2) Subject to subsection (3) of this section, maximum rates for pool coverage shall be ((~~one hundred fifty percent for the indemnity health plan and one hundred twenty-five percent for managed care plans of the rates established as applicable for group standard risks in groups comprised of up to fifty persons~~)) as follows:

(a) Maximum rates for a pool indemnity health plan shall be one hundred fifty percent of the rate calculated under subsection (1) of this section; and

(b) Maximum rates for a pool care management plan shall be one hundred twenty-five percent of the rate calculated under subsection (1) of this section.

(3)(a) Subject to (b) of this subsection the rate for any person who has been enrolled in the pool for more than thirty-six months shall be reduced by five percent from what it would otherwise be.

(b) In no event shall the rate for any person be less than the rate calculated under subsection (1) of this section.

NEW SECTION. **Sec. 19.** A new section is added to chapter 48.43 RCW to read as follows:

(1) No carrier may reject an individual for individual health plan coverage based upon preexisting conditions of the individual except as provided in section 21 of this act.

(2) No carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions except as provided in this section.

(3) For individual coverage originally issued on or after the effective date of this section preexisting condition waiting periods imposed upon a person enrolling in individual coverage shall be no more restrictive than nine months for a preexisting condition for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months prior to the effective date of coverage.

(4) Individual coverage preexisting condition exclusion waiting periods shall not apply to prenatal care services.

(5) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

Sec. 20. RCW 48.43.015 and 1995 c 265 s 5 are each amended to read as follows:

(1) For health benefit plans offered to groups, every health carrier shall waive any preexisting condition exclusion or limitation for persons or groups who had similar health coverage under a different health plan at any time during the three-month period immediately preceding the date of application for the new health plan if such person was continuously covered under the immediately preceding health plan. If the person was continuously covered for at least ((~~three~~)) nine months under the immediately preceding health plan, the carrier may not impose a waiting period for coverage of preexisting conditions. If the person was continuously covered for less than ((~~three~~)) nine months under the immediately preceding health plan, the carrier must credit any waiting period under the immediately preceding health plan toward the new health plan. For the purposes of this subsection, a preceding health plan includes an employer provided self-funded health plan.

(2) For health benefit plans offered to individuals, every health carrier shall credit any preexisting condition waiting period in its individual plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan other than a catastrophic health plan, and the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(3) Subject to the provisions of subsections (1) and (2) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group's preexisting conditions or health history.

NEW SECTION. **Sec. 21.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in (a) and (b) of this subsection, a health carrier may require any person applying for an individual health plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking individual coverage due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health coverage is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking individual coverage:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual coverage; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for coverage under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the applicant and the administrator of the Washington state health insurance pool. The notice to the applicant shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage.

(3) If the person applying for individual coverage: (a) Does not qualify for coverage under the Washington state health insurance pool

based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(4) Except as otherwise required by statute or rule, a carrier and the Washington state health insurance pool, and persons acting at the direction of or on behalf of a carrier or the pool, who are in receipt of an enrollee's or applicant's personally identifiable health information included in the standard health questionnaire shall not disclose the identifiable health information unless release of the information is explicitly authorized in writing by the person who is the subject of the information.

Sec. 22. RCW 48.43.025 and 1995 c 265 s 6 are each amended to read as follows:

(1) For group health benefit plans, no carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual's preexisting health conditions; except that a carrier may impose a ((~~three-month~~)) nine-month benefit waiting period for preexisting conditions for which medical advice was given, ((~~or~~)) for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within ((~~three~~)) six months before the effective date of coverage.

(2) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

Sec. 23. RCW 48.43.035 and 1995 c 265 s 7 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. In the case of group plans, the carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the insurance commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment on a product; or

(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; or

(c) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

NEW SECTION. **Sec. 24.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium.

(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(3) This section does not apply in the following cases:

(a) A carrier has zero enrollment on a product;

(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded;

(c) A carrier discontinues offering a particular type of health benefit plan offered in the individual market if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or

(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the

commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

NEW SECTION. **Sec. 25.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Maternity services that include, with no enrollee cost-sharing requirements beyond those generally applicable cost sharing requirements and those cost sharing requirements that apply to preexisting conditions: Diagnosis of pregnancy; prenatal care; delivery; care for complications of pregnancy; physician services; hospital services; operating or other special procedure rooms; radiology and laboratory services; appropriate medications; anesthesia; and services required under RCW 48.43.115; and

(2) Prescription drug benefits with at least a two thousand dollar benefit payable by the carrier annually.

NEW SECTION. **Sec. 26.** A new section is added to chapter 48.46 RCW to read as follows:

Notwithstanding the provisions of this chapter, a health maintenance organization may offer catastrophic health plans as defined in RCW 48.43.005.

Sec. 27. RCW 48.44.020 and 1990 c 120 s 5 are each amended to read as follows:

(1) Any health care service contractor may enter into contracts with or for the benefit of persons or groups of persons which require prepayment for health care services by or for such persons in consideration of such health care service contractor providing one or more health care services to such persons and such activity shall not be subject to the laws relating to insurance if the health care services are rendered by the health care service contractor or by a participating provider.

(2) The commissioner may on examination, subject to the right of the health care service contractor to demand and receive a hearing under chapters 48.04 and 34.05 RCW, disapprove any individual or group contract form for any of the following grounds:

(a) If it contains or incorporates by reference any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the contract; or

(b) If it has any title, heading, or other indication of its provisions which is misleading; or

(c) If purchase of health care services thereunder is being solicited by deceptive advertising; or

(d) ((~~If, the benefits provided therein are unreasonable in relation to the amount charged for the contract;~~

((~~(g)~~)) (f) If it fails to conform to minimum provisions or standards required by regulation made by the commissioner pursuant to chapter 34.05 RCW; or

((~~(h)~~)) (g) If any contract for health care services with any state agency, division, subdivision, board, or commission or with any

political subdivision, municipal corporation, or quasi-municipal corporation fails to comply with state law.

(3) In addition to the grounds listed in subsection (2) of this section, the commissioner may disapprove any group contract if the benefits provided therein are unreasonable in relation to the amount charged for the contract.

(4)(a) Every contract between a health care service contractor and a participating provider of health care services shall be in writing and shall state that in the event the health care service contractor fails to pay for health care services as provided in the contract, the enrolled participant shall not be liable to the provider for sums owed by the health care service contractor. Every such contract shall provide that this requirement shall survive termination of the contract.

(b) No participating provider, agent, trustee, or assignee may maintain any action against an enrolled participant to collect sums owed by the health care service contractor.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any health care service contractor providing individual health benefit plans in this state shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered in this state in aggregate for the preceding calendar year. (b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the health care service contractor.

(c) Any dispute regarding the calculation of the actual loss ratio shall upon written demand of either the commissioner or the health care service contractor be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio standard established in subsection (7) of this section, refunds are due and the following shall apply:

(a) The health care service contractor shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which remittances are due to the date the remittances are made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

Sec. 29. RCW 48.44.022 and 1997 c 231 s 208 are each amended to read as follows:

(1)(((~~(a) A health care service contractor offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered health benefits that are required to be delivered to an individual enrolled in the basic health plan, subject to the provisions in RCW 48.43.025 and 48.43.035. Nothing in this subsection shall preclude a contractor from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. A contractor offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.~~

~~(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.~~

(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. (h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(b) If it has any title, heading, or other indication which is misleading;

(c) If purchase of health care services thereunder is being solicited by deceptive advertising;

(d) ((~~If the benefits provided therein are unreasonable in relation to the amount charged for the agreement;~~

((~~(g)~~)) (f) If any agreement for health care services with any state agency, division, subdivision, board, or commission or with any political subdivision, municipal corporation, or quasi-municipal corporation fails to comply with state law.

(4) In addition to the grounds listed in subsection (2) of this section, the commissioner may disapprove any group agreement if the benefits provided therein are unreasonable in relation to the amount charged for the agreement.

Nothing contained herein shall prevent cancellation of an agreement with enrolled participants (a) who violate any published policies of the organization which have been approved by the commissioner, or (b) who are entitled to become eligible for medicare benefits and fail to enroll for a medicare supplement plan offered by the health maintenance organization and approved by the commissioner, or (c) for failure of such enrolled participant to pay the approved charge, including cost-sharing, required under such contract, or (d) for a material breach of the health maintenance agreement.

Sec. 33. RCW 70.47.060 and 1998 c 314 s 17 and 1998 c 148 s 1 are each reenacted and amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children,

eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator.

(d) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 1996, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To design and implement a structure of enrollee cost sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan <u>for either subsidized enrollees, or nonsubsidized enrollees, or both</u>. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system.

The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent

with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(16) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

Sec. 34. RCW 70.47.100 and 1987 1st ex.s. c 5 s 12 are each amended to read as follows:

(1) A managed health care ((~~systems~~)) system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such

opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

((~~Any contract between a hospital and a participating managed health care system under this chapter is subject to the requirements of RCW 70.39.140(1) regarding negotiated rates.~~))

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

((~~(1)~~)) (a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

((~~(2)~~)) (b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

((~~(3)~~)) (c) The administrator may then select one or more systems to provide the covered services within a local area; and

((~~(4)~~)) (d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to either subsidized enrollees, or nonsubsidized enrollees, or both.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access to covered basic health care services for enrollees.

(7) Until January 1, 2004, the administrator may utilize a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 in a specific geographic area if: (a) It is necessary to provide access to covered basic health care services for subsidized enrollees; (b) funding for adequate reserves is available in the basic health plan self-insurance reserve account; (c) the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator; (d) the administrator received no responsive proposals to the request for proposal process in subsection (4) of this section for a specific geographic area; and (e) other options for providing access to covered basic health care services for subsidized enrollees are not feasible.

NEW SECTION. **Sec. 35.** A new section is added to chapter 48.41 RCW to read as follows:

The Washington state health insurance pool account is created in the custody of the state treasurer. All receipts from moneys specifically appropriated to the account must be deposited in the account. Expenditures from the account may be used only to cover deficits incurred by the Washington state health insurance pool under this chapter in excess of the threshold established in this section. To the extent funds are available in the account, funds shall be expended from the account only to offset that portion of the deficit that would otherwise have to be recovered by imposing an assessment on members in excess of a threshold of seventy cents per insured person per month. The commissioner shall authorize expenditures from the account, to the extent that funds are available in the account, upon certification by the pool board that assessments will exceed the threshold level established in this section. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(1) Except as required in RCW 48.21.045, 48.44.023, and 48.46.066, nothing in this title shall be construed to require a carrier, as defined in RCW 48.43.005, to offer any health benefit plan for sale.

(2) Nothing in this title shall prohibit a carrier as defined in RCW 48.43.005 from ceasing sale of any or all health benefit plans to new applicants if the closed plans are closed to all new applicants.

(3) This section is intended to clarify, and not modify, existing law.

NEW SECTION. **Sec. 40.** (1) The task force on health care reinsurance is created, and is composed of seven members, including: Three members appointed by the governor, one of whom shall be the chair of the Washington state health insurance pool; two members of the senate, one member of each party caucus appointed by the president of the senate; and two members of the house of representatives, one member of each party caucus appointed by the co-speakers of the house of

representatives. The chair shall be elected by the task force from among its members.

(2) The task force shall:

(a) Monitor the provisions of this act regarding its effect on:

(i) Carrier participation in the individual market, especially in areas where coverage is currently minimal or not available;

(ii) Affordability and availability of private health plan coverage;

(iii) Washington state health insurance pool operations;

(iv) The Washington basic health plan operations;

(v) The cost of the Washington state insurance pool;

(vi) Premium affordability in the individual and small group market;

(vii) The ability of consumers to purchase, renew, and change their health insurance coverage;

(viii) The availability of coverage for medical benefits such as, but not limited to, maternity and prescription drugs in the individual market; and

(ix) The number of uninsured people in the state of Washington;

(b) After studying the feasibility of reinsurance as a method of health insurance market stability, develop a reinsurance system implementation plan as appropriate; and

(c) Seek participation from interested parties, including but not limited to consumer, carriers, health care providers, health care purchasers, and insurance brokers and agents, in an effective manner.

(3) In the conduct of its business, the task force shall have access to all health data available by statute to health-related state agencies and may, to the extent that funds are available, purchase necessary analytical and staff support.

(4) Task force members will receive no compensation for their service.

(5) The task force shall submit an interim report to the governor and the legislature in January 2001 and a final report no later than December 1, 2001.

(6) The task force expires December 31, 2001.

Sec. 41. RCW 70.47.010 and 1993 c 492 s 208 are each amended to read as follows:

(1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to the administrator to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the administrator to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state, including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii) until January 1, 2004, limited use of self-insurance in areas where adequate access cannot be assured through other options.

(b) In developing alternative purchasing strategies to address health care access needs, the administrator shall consult with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state agencies including the office of the insurance commissioner and the office of community and rural health. In pursuing such alternatives, the administrator shall continue to give priority to prepaid managed care as the preferred method of assuring access to basic health plan enrollees followed, in priority order, by preferred providers, fee for service, and self-funding.

(2) The legislature further finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

((~~(2)~~)) (3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at

a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents not eligible for medicare who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

((~~(3)~~)) (4) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

((~~(4)~~)) (5)(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of

social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 42. RCW 70.47.020 and 1997 c 335 s 1 are each amended to read as follows:

As used in this chapter:

(3) "Managed health care system" means: (a) Any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, ((~~on a prepaid capitated basis~~)) to a defined patient population enrolled in the plan and in the managed health care system; or (b) until January 1, 2004, a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100(7).

(4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) whose gross family income at the time of enrollment does not exceed twice the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and (e) who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not

eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) who chooses to obtain basic health care coverage from a particular managed health care system; and (e) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(7) "Premium" means a periodic payment, based upon gross family income which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

(8) "Rate" means the ((~~per capita~~)) amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 43. RCW 41.05.140 and 1994 c 153 s 10 are each amended to read as follows:

(1) Except for property and casualty insurance, the authority may self-fund, self-insure, or enter into other methods of providing insurance coverage for insurance programs under its jurisdiction ((~~except property and casualty insurance~~)), including the basic health plan as provided in chapter 70.47 RCW. The authority shall contract for payment of claims or other administrative services for programs under its jurisdiction. If a program does not require the prepayment of reserves, the authority shall establish such reserves within a reasonable period of time for the payment of claims as are normally required for that type of insurance under an insured program.

(2) Reserves established by the authority for employee and retiree benefit programs shall be held in a separate trust fund by the state treasurer and shall be known as the public employees' and retirees' insurance reserve fund. The state investment board shall act as the

(3) Any savings realized as a result of a program created for employees and retirees under this section shall not be used to increase benefits unless such use is authorized by statute.

(4) Reserves established by the authority to provide insurance coverage for the basic health plan under chapter 70.47 RCW shall be held in a separate trust account in the custody of the state treasurer and shall be known as the basic health plan self-insurance reserve account. The state investment board shall act as the investor for the funds and, except as provided in RCW 43.33A.160, one hundred percent of all earnings from these investments shall accrue directly to the basic health plan self-insurance reserve account.

(5) Any program created under this section shall be subject to the examination requirements of chapter 48.03 RCW as if the program were a domestic insurer. In conducting an examination, the commissioner shall determine the adequacy of the reserves established for the program.

((~~(5)~~)) (6) The authority shall keep full and adequate accounts and records of the assets, obligations, transactions, and affairs of any program created under this section.

((~~(6)~~)) (7) The authority shall file a quarterly statement of the financial condition, transactions, and affairs of any program created under this section in a form and manner prescribed by the insurance commissioner. The statement shall contain information as required by the commissioner for the type of insurance being offered under the program. A copy of the annual statement shall be filed with the speaker of the house of representatives and the president of the senate.
