Background:

The courts of the state are authorized to appoint judges pro tempore to temporarily serve in the absence of a regular judge, or if necessary for the administration of justice or to deal with an excess caseload. Judges pro tempore are usually attorneys

or retired judges. Compensation for judges pro tempore appointed for the supreme court, court of appeals, and superior courts is established in statute. Compensation for district and municipal court judges pro tempore are determined by the local legislative authority.

Currently, only district courts are specifically authorized to appoint, without reduction in salary, judges pro tempore while a regular judge is serving on a judicial commission established by the Legislature or the chief justice of the supreme court. Each district court judge is authorized up to 15 days for service on such commissions without reduction in salary.

Summary of Bill:

A judge pro tempore may be appointed when a court of appeals, superior court, or municipal court judge serves on a judicial commission, board, or committee established by the Legislature or the chief justice of the supreme court.
