HOUSE COMMITTEE ON HEALTH CARE

Majority Report: Do pass. Signed by 12 members: Representatives Cody, Democratic Co-Chair; Parlette, Republican Co-Chair; Pflug, Republican Vice Chair; Schual-Berke, Democratic Vice Chair; Alexander; Boldt; Campbell; Conway; Edmonds; Edwards; Mulliken and Ruderman.

Staff: Bill Hagens (786-7131).

Background: Based on national cancer research: Prostate cancer is one of the most common cancers of American men; it is estimated that in 1999, about 179,300 new cases of prostate cancer will be diagnosed in the United States; prostate cancer is the second leading cause of cancer death in men, exceeded only by lung cancer; 37,000 men in the United States are projected to die of this disease during 1999; and African-American men have the highest incidence of prostate cancer of any population of men in the world today.

Summary of Bill:

President Clinton and Congress are asked to support increased federal funding for prostate cancer research.

Appropriation: None.

Fiscal Note: Not requested.

Testimony For: Prostate cancer is a major threat to men's health. More money should be spent on prostate cancer research.

Testimony Against: None.

Testified: Representative Dickerson, prime sponsor; Karen McDonell, Public Advocate; Frank Kirk and Pearlline Dottin, American Cancer Society; and Paul Sanders, Puget Sound American Cancer Society Task Force on Prostate Cancer.
