

SENATE BILL REPORT

SB 6559

As Reported By Senate Committee On:
Education, February 2, 2000

Title: An act relating to notifying parents of high school students of the availability of courses leading to college credit.

Brief Description: Notifying parents of school courses leading to college credit.

Sponsors: Senators Kohl-Welles, Swecker, McAuliffe, Finkbeiner, Eide, Hochstatter, Bauer, Zarelli, Goings, Rasmussen, Oke, Winsley and Roach.

Brief History:

Committee Activity: Education: 2/2/2000 [DPS].

SENATE COMMITTEE ON EDUCATION

Majority Report: That Substitute Senate Bill No. 6559 be substituted therefor, and the substitute bill do pass.

Signed by Senators McAuliffe, Chair; Eide, Vice Chair; Bauer, Brown, Goings, Hochstatter, Rasmussen and Zarelli.

Staff: Susan Mielke (786-7422)

Background: There are five programs currently offered in Washington schools in which a high school student may earn college credit: Advance Placement, College in the High School, International Baccalaureate, Tech-Prep, and Running Start.

Currently there is no statutory requirement that high schools notify parents of programs that lead to college credit. There are joint rules adopted by the Superintendent of Public Instruction, the State Board for Community and Technical Colleges, and the Higher Education Coordinating Board which require school districts to annually provide information on the Running Start program to 10th and 11th grade students and their parents.

Summary of Substitute Bill: Beginning in the 2000-01 school year, high schools must annually publish and deliver to parents information concerning the program entrance requirements and the availability of programs leading to college credit that are offered in the school. The published information must also include information of other public or private entities offering such programs if the high school has knowledge of the entities and the cost of reporting this additional information is minimal.

Substitute Bill Compared to Original Bill: High schools must inform parents of the program entrance requirements in addition to the availability of the programs. The term courses— was changed to programs.—

Appropriation: None.

Fiscal Note: Not requested.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: We need to do better getting information to students and parents about the availability of high school courses that can provide college credit. Better information will increase the numbers of students in the programs and the diversity of students who participate in these programs. These programs can improve the future of students who participate in them.

Testimony Against: None.

Testified: PRO: Senator Jeanne Kohl-Welles, prime sponsor; Jevra Bashey, Bellevue School District.
