
HOUSE BILL 1044

State of Washington

56th Legislature

1999 Regular Session

By Representatives Romero, Fisher, Alexander, Cairnes, Wolfe, Veloria,
Wood and McIntire

Read first time 01/13/1999. Referred to Committee on Transportation.

1 AN ACT Relating to department of transportation expenditures for
2 environmental retrofit projects; and adding a new section to chapter
3 47.28 RCW.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** A new section is added to chapter 47.28 RCW
6 to read as follows:

7 For purposes of funding noise wall retrofit projects, in each
8 fiscal year the department of transportation shall expend, as a
9 minimum, a sum equal to five-tenths of one percent of all funds, both
10 state and federal, expended for the construction of state highways in
11 that fiscal year, for that specific purpose. In order to more
12 efficiently program noise wall retrofit projects, the department may
13 defer any part of a fiscal year's appropriation for a period not to
14 exceed four years after the end of the fiscal year in which the
15 original appropriation was made. For a fiscal year in which the
16 department expends for noise wall retrofit purposes more than the
17 minimum sum required by this section, the amount of the excess
18 expenditure constitutes a credit that may be carried forward and
19 applied to the minimum environmental retrofit expenditure requirements

1 for any of the next four fiscal years. The department may apply a
2 portion of this funding towards the review and maintenance of a
3 prioritized list of eligible noise wall retrofit projects. The
4 department shall complete its first review and update of the
5 prioritized project list by June 30, 2000. After the first review, the
6 prioritized project list must be reevaluated and, if needed, updated at
7 least every four years, at which time the department shall also review
8 and confirm the criteria by which noise wall retrofit projects are
9 prioritized.

--- END ---
