
HOUSE BILL 2235

State of Washington

56th Legislature

1999 Regular Session

By Representative Conway

Read first time 02/23/1999. Referred to Committee on Commerce & Labor.

1 AN ACT Relating to unemployment insurance benefits and
2 contributions; and creating a new section.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** The legislature finds that the unemployment
5 insurance system, designed to provide benefits to workers during
6 temporary periods of involuntary unemployment, has tax inequities that
7 need to be addressed. It is the intent of the legislature to modify
8 the system to ensure that the original purpose of unemployment
9 insurance is met while fairly balancing employers' obligations under
10 the system and to address needs of unemployed workers.
