
HOUSE BILL 2307

State of Washington 56th Legislature 1999 1st Special Session

By Representative Sullivan

Read first time . Referred to Committee on .

1 AN ACT Relating to health care patient rights and protections;
2 reenacting and amending RCW 70.47.060; adding new sections to chapter
3 48.43 RCW; adding a new section to chapter 7.70 RCW; adding a new
4 section to chapter 70.47 RCW; creating new sections; and repealing RCW
5 48.43.075, 48.43.095, and 48.43.105.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 NEW SECTION. **Sec. 1.** PATIENT RIGHTS. (1) It is the intent of the
8 legislature that patients covered by health plans receive quality
9 health care designed to maintain and improve their health. The purpose
10 of chapter . . . , Laws of 1999 1st sp. sess. (this act) is to ensure
11 that health plan patients:

12 (a) Have improved access to information regarding their health
13 plans;

14 (b) Have access to a quick and impartial grievance process;

15 (c) Are protected from unnecessary invasions of health care
16 privacy;

17 (d) Are assured that personal health care information will be used
18 only as necessary to obtain and pay for health care or to improve the
19 quality of care; and

1 (e) Have access to an emergency health plan.

2 (2) Effective January 1, 2000, chapter . . ., Laws of 1999 1st sp.
3 sess. (this act) applies to: Health plans offered, renewed, or issued
4 by a carrier; medical assistance provided under RCW 74.09.522; the
5 basic health plan offered under chapter 70.47 RCW; and public employee
6 health benefits provided under chapter 41.05 RCW.

7 NEW SECTION. **Sec. 2.** HEALTH CARE PROVIDER ACCESS. (1) Each
8 enrollee in a health plan must have adequate choice among qualified
9 health care providers.

10 (2) Each health carrier must allow an enrollee to choose a primary
11 care provider who is accepting new enrollees from a list of
12 participating providers who substantially share the varied
13 characteristics of the enrolled population.

14 (3) Each health carrier must have a process whereby an enrollee
15 whose medical condition so warrants may be authorized to use a medical
16 specialist as a primary care provider. This may include enrollees
17 suffering from chronic diseases and those with other special needs.

18 (4) Each health carrier must provide, upon the request of an
19 enrollee, access by the enrollee to a second opinion from a
20 participating provider regarding any medical diagnosis or treatment
21 plan.

22 (5) Each health carrier must, at the carrier's expense, allow
23 enrollees to continue receiving services from a primary care provider
24 whose contract with the plan or whose contract with a subcontractor is
25 being terminated by the plan or subcontractor without cause under the
26 terms of that contract for no longer than sixty days following notice
27 of termination to the enrollees or, in group coverage arrangements
28 involving periods of open enrollment, only until the end of the next
29 open enrollment period. The provider's relationship with the health
30 plan or subcontractor must be continued on the same terms and
31 conditions as those of the contract the plan or subcontractor is
32 terminating, except for any provision requiring that the health plan
33 assign new enrollees to the terminated provider.

34 (6) The commissioner shall adopt rules to implement this section
35 that promote clear communication with consumers and take into
36 consideration standards recommended by national managed care
37 accreditation organizations and state agencies that purchase managed
38 health care services.

1 NEW SECTION. **Sec. 3.** HEALTH INFORMATION PRIVACY. (1) Each

2 carrier must develop and implement policies and procedures governing
3 the collection, use, and disclosure of health information. These
4 policies and procedures must include methods for enrollees to access
5 information about themselves and to amend any information that is
6 inaccurate, for enrollees to restrict the disclosure of sensitive
7 information about themselves, and for enrollees to obtain information
8 about the carrier's health information policies. In addition, these
9 policies and procedures must include methods for carrier oversight and
10 enforcement of information policies, for carrier storage and disposal
11 of health information, and for carrier conformance to state and federal
12 laws governing the collection, use, and disclosure of personally
13 identifiable health information. Each carrier must provide a summary
14 notice of its health information policies to enrollees, including the
15 enrollee's right to restrict the collection, use, and disclosure of
16 their own health information.

17 (2) Except as otherwise required by statute or rule, or a carrier's
18 disclosure made pursuant to requirements in RCW 70.02.050 and 70.02.900
19 for health care providers, a carrier is, and all persons acting at the
20 direction of or on behalf of a carrier or in receipt of an enrollee's
21 personally identifiable health information are, prohibited from
22 collecting, using, or disclosing personally identifiable health
23 information unless authorized in writing by the person who is the
24 subject of the information. At a minimum, such authorization must be
25 valid for a limited time and purpose; be specific as to purpose and
26 types of information to be collected, used, or disclosed; and identify
27 the persons who will be receiving the information.

28 (3) Nothing in this section shall be construed to prevent: (a) The
29 creation, use, or release of anonymous data that has been coded or
30 encrypted to protect the identity of the individual; or (b) the release
31 by a carrier of personally identifiable health information for health
32 research subject to the requirements of the federal "common rule" at 21
33 C.F.R. Secs. 50 and 56 and 45 C.F.R. Sec. 46.

34 (4) The commissioner shall adopt rules to implement this section
35 and shall take into consideration health information privacy standards
36 recommended by the national association of insurance commissioners and
37 other related professional organizations.

38 (5) The commissioner shall enforce the provisions of chapter 70.02
39 RCW as they apply to carriers.

1 NEW SECTION. **Sec. 4.** INFORMATION DISCLOSURE. (1) A carrier that
2 offers a health plan may not enroll a person in a health plan or offer
3 to sell a health plan to an enrollee or to a group representative,
4 agent, employer, or enrollee representative if that person is not given
5 the following information before purchase or selection:

6 (a) A listing of covered benefits, including prescription drug
7 categories, definitions of terms such as generic versus brand name, and
8 policies regarding coverage of drugs, such as how they become approved
9 or are taken off the formulary, and how consumers may be involved in
10 decisions about benefits;

11 (b) A listing of exclusions, reductions, and limitations to covered
12 benefits, including policies and practices related to any drug
13 formulary, and any definition of medical necessity or other coverage
14 criteria upon which they may be based;

15 (c) A statement of the carrier's policies for protecting the
16 confidentiality of health information;

17 (d) A statement containing the cost of premiums and enrollee point-
18 of-service cost-sharing requirements;

19 (e) A summary explanation of the carrier's grievance process and
20 right to an independent review as set forth in sections 6 and 7 of this
21 act;

22 (f) A statement regarding the availability of a point-of-service
23 option, if any, and how the option operates; and

24 (g) A convenient means of obtaining a list of participating
25 providers, including disclosure of network arrangements that restrict
26 access to providers within any plan network.

27 (2) Upon the request of any person, including a current enrollee,
28 prospective enrollee, or the insurance commissioner, a carrier and the
29 Washington state health care authority, established by chapter 41.05
30 RCW, in relation to the uniform medical plan must provide written
31 information regarding any health care plan it offers, that includes the
32 following written information:

33 (a) Any documents, instruments, or other information referred to in
34 the enrollment agreement;

35 (b) A full description of the procedures to be followed by an
36 enrollee for consulting a provider other than the primary care provider
37 and whether the enrollee's primary care provider, the carrier's medical
38 director, or another entity must authorize the referral;

1 (c) Procedures, if any, that an enrollee must first follow for
2 obtaining prior authorization for health care services;

3 (d) A written description of any reimbursement or payment
4 arrangements, including, but not limited to, capitation provisions,
5 fee-for-service provisions, and health care delivery efficiency
6 provisions, between a carrier and a provider or network;

7 (e) An annual accounting of all payments made by the carrier that
8 have been counted against any payment limitations, visit limitations,
9 or other overall limitations on a person's coverage under a plan;

10 (f) Circumstances under which the plan may retrospectively deny
11 coverage for emergency and nonemergency care that had prior
12 authorization under the plan's written policies;

13 (g) A copy of the carrier's grievance process claim or service
14 denial and for dissatisfaction with care; and

15 (h) Descriptions and justifications for provider compensation
16 programs, including any incentives or penalties that are intended to
17 encourage providers to withhold services or minimize or avoid referrals
18 to specialists.

19 (3) Each carrier and the Washington state health care authority
20 shall provide to all enrollees and prospective enrollees a list of
21 available disclosure items.

22 (4) Nothing in this section requires a carrier to divulge
23 proprietary information to an enrollee.

24 (5) No carrier may advertise, market, or present any health plan to
25 the public as a plan that covers services that help prevent illness or
26 promote the health of enrollees unless it:

27 (a) Provides all clinical preventive health services provided by
28 the basic health plan, authorized by chapter 70.47 RCW;

29 (b) Monitors and reports annually to enrollees on standardized
30 measures of health care and satisfaction of all enrollees in the health
31 plan as defined by the state department of health, after consideration
32 of national standardized measurement systems adopted by national
33 managed care accreditation organizations and state agencies that
34 purchase managed health care services;

35 (c) Has a certificate of approved partnership with the state
36 department of health or a local health jurisdiction, attesting to the
37 plan's active participation in community-wide efforts to maintain and
38 improve the health status of its enrollees through activities such as
39 public health educational programs; and

1 (d) Makes available upon request to enrollees its integrated plan
2 to identify and manage the most prevalent diseases within its enrolled
3 population, including cancer, heart disease, and stroke.

4 (6) No carrier may preclude or discourage its providers from
5 informing patients of the care he or she requires, including various
6 treatment options, and whether in the providers' view such care is
7 consistent with the plan's health coverage criteria, or otherwise
8 covered by the patient's service agreement with the carrier. No
9 carrier may prohibit, discourage, or penalize a provider otherwise
10 practicing in compliance with the law from advocating on behalf of a
11 patient with a carrier. Nothing in this section shall be construed to
12 authorize a provider to bind a carrier to pay for any service.

13 (7) No carrier may preclude or discourage patients or those paying
14 for their coverage from discussing the comparative merits of different
15 carriers with their providers. This prohibition specifically includes
16 prohibiting or limiting providers participating in those discussions
17 even if critical of a carrier.

18 (8) The commissioner shall adopt rules to implement this section
19 that promote clear communication with consumers and take into
20 consideration standards recommended by national managed care
21 accreditation organizations and state agencies that purchase managed
22 health care services.

23 NEW SECTION. **Sec. 5.** GRIEVANCE PROCESS. (1) Each carrier must
24 have a fully operational, comprehensive grievance process that complies
25 with the requirements of this section. The commissioner shall adopt
26 rules to implement this section that promote clear communication with
27 consumers and take into consideration standards recommended by national
28 managed care accreditation organizations and state agencies that
29 purchase managed health care services.

30 (2) Each carrier must provide written notice to an enrollee and the
31 enrollee's provider of its decision to modify, discontinue, or deny a
32 health service for the enrollee.

33 (3) Each carrier must process as a grievance:

34 (a) An enrollee's complaint about the quality or availability of a
35 health service;

36 (b) An enrollee's complaint about an issue other than the quality
37 or availability of a health service that the carrier has not resolved
38 within response timelines established by the commissioner by rule; and

1 (c) An enrollee's request that the carrier reconsider: (i) Its
2 decision to modify, discontinue, or deny a health service; or (ii) its
3 initial resolution of a complaint or grievance made by an enrollee.

4 (4) To process a grievance, each carrier must:

5 (a) Provide written notice to the enrollee when the grievance is
6 received;

7 (b) Assist the enrollee with the grievance process;

8 (c) Expedite a grievance if the enrollee's provider or the
9 carrier's medical director determines, or if other evidence indicates
10 that following the grievance process response timelines could seriously
11 jeopardize the enrollee's health or ability to regain maximum function;

12 (d) Cooperate with a representative chosen by the enrollee;

13 (e) Consider information submitted by the enrollee;

14 (f) Investigate and resolve the grievance; and

15 (g) Provide written notice of its resolution of the grievance to
16 the enrollee and, with the permission of the enrollee, to the
17 enrollee's providers.

18 (5) Written notice required by subsections (2) and (4) of this
19 section must explain:

20 (a) The carrier's decision and the supporting coverage or clinical
21 reasons, including any alternative health service that may be
22 appropriate; and

23 (b) The carrier's grievance process, including information, as
24 appropriate, about how to exercise an enrollee's rights to obtain a
25 second opinion, how to continue receiving services as provided in this
26 section, and how to discuss a grievance resolution with an impartial
27 carrier representative authorized to review and modify the grievance
28 resolution.

29 (6) When an enrollee requests that the carrier reconsider its
30 decision to modify or discontinue a health service that an enrollee is
31 receiving through the plan, the carrier must continue to provide that
32 health service until the grievance is resolved. If the resolution
33 affirms the carrier's decision, the enrollee may be responsible for the
34 cost of this continued health service.

35 (7) Each carrier must provide a clear explanation of the grievance
36 process upon request, upon enrollment to new enrollees, and annually to
37 enrollees and subcontractors.

38 (8) Each carrier must: Track each grievance until final
39 resolution; maintain, and make accessible to the commissioner for a

1 period of three years, a log of all grievances; and identify and
2 evaluate trends in grievances.

3 (9) No penalty, fine, sanction, or obligation resulting from a
4 grievance may be imposed on a provider until any related provider
5 complaints filed under RCW 48.43.055 have been adjudicated.

6 NEW SECTION. **Sec. 6.** INDEPENDENT REVIEW OF HEALTH CARE DISPUTES.

7 (1) There is a need for a process for the fair consideration of
8 consumer complaints relating to decisions by the carrier to modify,
9 discontinue, or deny coverage of or payment for health care. The
10 commissioner shall adopt rules that:

11 (a) Permit a person to seek review of a carrier's decision to
12 modify, discontinue, or deny a health service by an independent review
13 organization, after the carrier has completed its grievance procedures
14 and its decision is unfavorable to the enrollee, or the carrier has
15 exceeded the timelines for grievances established by the commissioner,
16 without good cause and without reaching a decision;

17 (b) Establish and use a rotational registry system for the
18 assignment of a certified independent review organization to each
19 appeal;

20 (c) Require carriers to provide to the appropriate independent
21 review organization not later than the third business day after the
22 date the carrier receives a request for review a copy of:

23 (i) Any medical records of the enrollee that are relevant to the
24 review;

25 (ii) Any documents used by the plan in making the determination to
26 be reviewed by the organization;

27 (iii) Any documentation and written information submitted to the
28 carrier in support of the appeal; and

29 (iv) A list of each physician or health care provider who has
30 provided care to the enrollee and who may have medical records relevant
31 to the appeal; and

32 (d) Require carriers to comply with the independent review
33 organization's determination regarding the medical necessity or
34 appropriateness of, or the application of other health plan coverage
35 criteria to, health care items and services for an enrollee, and to pay
36 for the independent review.

37 (2) Health information or other confidential or proprietary
38 information in the custody of a carrier may be provided to an

1 independent review organization, subject to rules adopted by the
2 commissioner.

3 NEW SECTION. **Sec. 7.** INDEPENDENT REVIEW ORGANIZATIONS. (1) The
4 commissioner shall:

5 (a) Adopt rules providing a procedure to certify an organization
6 that may contract to perform independent review of health care disputes
7 described in section 6 of this act. The organization shall:

8 (i) Be formed by health care providers who have demonstrated
9 expertise and a history of reviewing health care in terms of medical
10 necessity, appropriateness, and the application to other health plan
11 coverage criterion;

12 (ii) Be advised by a consumer advisory board that is broadly
13 representative of the patient population whose claims are to be
14 reviewed; and

15 (iii) Meet other reasonable requirements of the commissioner
16 directly related to the functions the organization is to perform under
17 section 6 of this act;

18 (b) Designate every two years organizations selected in accordance
19 with this subsection to perform the functions listed in section 6 of
20 this act; and

21 (c) Ensure that the organization is free from interference by state
22 government in its functioning except to ensure that it complies with
23 the certification it has received from the commissioner and chapter
24 . . ., Laws of 1999 1st sp. sess. (this act).

25 (2) The commissioner must adopt rules to certify organizations
26 described under subsection (1)(a) of this section. The rules must
27 ensure:

28 (a) The confidentiality of medical records transmitted to an
29 independent review organization for use in independent reviews;

30 (b) The qualifications and independence of each health care
31 provider or physician making review determinations for an independent
32 review organization;

33 (c) The fairness of the procedures used by an independent review
34 organization in making the determinations; and

35 (d) Timely notice to enrollees of the results of the independent
36 review, including the clinical basis for the determination.

1 (3) The rules adopted under subsection (1)(a) of this section must
2 require that each independent review organization make its
3 determination:

4 (a) Not later than the earlier of:

5 (i) The fifteenth day after the date the independent review
6 organization receives the information necessary to make the
7 determination; or

8 (ii) The twentieth day after the date the independent review
9 organization receives the request that the determination be made; and

10 (b) In cases of a condition that could seriously jeopardize the
11 enrollee's health or ability to regain maximum function, not later than
12 the earlier of:

13 (i) Seventy-two hours after the date the independent review
14 organization receives the information necessary to make the
15 determination; or

16 (ii) The eighth day after the date the independent review
17 organization receives the request that the determination be made.

18 (4) To be certified as an independent review organization under
19 this chapter, an organization must submit to the commissioner an
20 application in the form required by the commissioner. The application
21 must include:

22 (a) For an applicant that is publicly held, the name of each
23 stockholder or owner of more than five percent of any stock or options;

24 (b) The name of any holder of bonds or notes of the applicant that
25 exceed one hundred thousand dollars;

26 (c) The name and type of business of each corporation or other
27 organization that the applicant controls or is affiliated with and the
28 nature and extent of the affiliation or control;

29 (d) The name and a biographical sketch of each director, officer,
30 and executive of the applicant and any entity listed under (c) of this
31 subsection and a description of any relationship the named individual
32 has with:

33 (i) A carrier;

34 (ii) A utilization review agent;

35 (iii) A nonprofit health corporation;

36 (iv) A health care provider; or

37 (v) A group representing any of the entities described by (d)(i)
38 through (iv) of this subsection;

1 (e) The percentage of the applicant's revenues that are anticipated
2 to be derived from reviews conducted under section 6 of this act;

3 (f) A description of the areas of expertise of the health care
4 professionals making review determinations for the applicant; and

5 (g) The procedures to be used by the independent review
6 organization in making review determinations regarding reviews
7 conducted under section 6 of this act.

8 (5) The independent review organization shall annually submit the
9 information required by subsection (4) of this section. If at any time
10 there is a material change in the information included in the
11 application under subsection (4) of this section, the independent
12 review organization shall submit updated information to the
13 commissioner.

14 (6) An independent review organization may not be a subsidiary of,
15 or in any way owned or controlled by, a carrier or a trade or
16 professional association of carriers.

17 (7) An independent review organization, and individuals acting on
18 its behalf, are immune from suit in a civil action when performing
19 functions under chapter . . . , Laws of 1999 1st sp. sess. (this act).
20 However, this immunity does not apply to an act or omission made in bad
21 faith or that involves gross negligence.

22 (8) Rules adopted for this section must promote clear communication
23 with consumers. In adopting the rules, the commissioner must take into
24 consideration standards recommended by national managed care
25 accreditation organizations and state agencies that purchase managed
26 health care services.

27 NEW SECTION. **Sec. 8.** A new section is added to chapter 7.70 RCW
28 to read as follows:

29 CARRIER LIABILITY. (1) The definitions in this subsection apply
30 throughout this section unless the context clearly requires otherwise.

31 (a) "Enrollee" means an individual covered by a health plan,
32 including dependents.

33 (b) "Health care provider" means the same as defined in RCW
34 48.43.005.

35 (c) "Health care treatment decision" means a determination made
36 regarding whether a health care service or services covered by the
37 health plan are actually provided by the health plan and a decision

1 that affects the quality of the diagnosis, care, or treatment provided
2 to the plan's enrollees.

3 (d) "Health carrier" means the same as defined in RCW 48.43.005.

4 (e) "Health plan" means the same as defined in RCW 48.43.005,
5 except that it includes a policy, contract, or agreement offered by any
6 person, not just a health carrier.

7 (f) "Managed care entity" means an entity other than a health
8 carrier that delivers, administers, or assumes risk for health care
9 services with systems or techniques to control or influence the
10 quality, accessibility, utilization, or costs and prices of the
11 services to a defined enrollee population, but does not include an
12 employer purchasing coverage or acting on behalf of its employees or
13 the employees of one or more subsidiaries or affiliated corporations of
14 the employer or a pharmacy under chapter 18.64 RCW.

15 (g) "Accepted standard of care" means when a health carrier or
16 managed care entity or a person who is an employee, agent, or
17 ostensible agent of a health carrier or managed care entity is making
18 health care treatment decisions, that degree of care under chapter 7.70
19 RCW that a reasonably prudent health care provider would use under the
20 same or similar circumstances.

21 (2)(a) A health carrier or a managed care entity for a health plan
22 shall follow the accepted standard of care for health care providers
23 when making health care treatment decisions and is liable for damages
24 for harm to an enrollee proximately caused by its failure to follow the
25 accepted standard of care. For other acts or omissions, a health
26 carrier or managed care entity, and its employees, agents, or
27 ostensible agents, is liable for damages for harm to an enrollee,
28 proximately caused by its failure to exercise ordinary care.

29 (b) A health carrier or a managed care entity for a health plan is
30 also liable for damages for harm to an enrollee proximately caused by
31 health care treatment decisions made by its:

32 (i) Employees;

33 (ii) Agents; or

34 (iii) Ostensible agents who are acting on its behalf and over whom
35 it has the right to exercise influence or control or has actually
36 exercised influence or control that result from a failure to follow the
37 accepted standard of care.

38 (3) It is a defense to any action asserted under this section
39 against a health carrier or managed care entity for a health plan that:

1 (a) Neither the health carrier or managed care entity, nor any
2 employee, agent, ostensible agent, or representative for whose conduct
3 the health carrier or managed care entity is liable under subsection
4 (2)(b) of this section, controlled, influenced, or participated in the
5 health care decision; or

6 (b) The health carrier or managed care entity did not deny or delay
7 payment for treatment prescribed or recommended by a health care
8 provider for the enrollee.

9 (4) This section does not create any liability on the part of an
10 employer or an employer group purchasing organization that purchases
11 coverage or assumes risk on behalf of its employers.

12 (5) Nothing in any law of this state prohibiting a health carrier
13 or managed care entity from practicing medicine or being licensed to
14 practice medicine may be asserted as a defense by the health carrier or
15 managed care entity in an action brought against it under this section.

16 (6)(a) A person may not maintain a cause of action under this
17 section against a health carrier or managed care entity unless the
18 affected enrollee or the enrollee's representative has exercised the
19 opportunity established in section 7 of this act to seek independent
20 review of the health care treatment decision.

21 (b) The enrollee is not required to comply with (a) of this
22 subsection and no abatement or other penalty for failure to comply
23 shall be imposed if the enrollee has filed a pleading alleging in
24 substance that:

25 (i) Harm to the enrollee has already occurred because of the
26 conduct of the health carrier or managed care entity or because of an
27 act or omission of an employee, agent, ostensible agent, or
28 representative of the carrier or entity for whose conduct it is liable;
29 or

30 (ii) The review would not be beneficial to the enrollee, unless the
31 court, upon motion by a defendant carrier or entity, finds after
32 hearing that the pleading was not made in good faith.

33 (c) This subsection does not prohibit an enrollee from pursuing
34 other appropriate remedies, including injunctive relief, a declaratory
35 judgment, or other relief available under law, if its requirements
36 place the enrollee's health in serious jeopardy.

37 (7) In an action against a health carrier, a finding that a health
38 care provider is an employee, agent, or ostensible agent of such a
39 health carrier shall not be based solely on proof that the person's

1 name appears in a listing of approved physicians or health providers
2 made available to enrollees under a health plan.

3 (8) Any action under this section shall be commenced within three
4 years of the completion of the independent review process, if
5 applicable, under subsection (6) of this section, or within three years
6 of the accrual of the cause of action if the independent review process
7 under subsection (6) of this section is not applicable.

8 (9) This section does not apply to workers' compensation insurance
9 under Title 51 RCW.

10 **Sec. 9.** RCW 70.47.060 and 1998 c 314 s 17 and 1998 c 148 s 1 are
11 each reenacted and amended to read as follows:

12 The administrator has the following powers and duties:

13 (1) To design and from time to time revise a schedule of covered
14 basic health care services, including physician services, inpatient and
15 outpatient hospital services, prescription drugs and medications, and
16 other services that may be necessary for basic health care. In
17 addition, the administrator may, to the extent that funds are
18 available, offer as basic health plan services chemical dependency
19 services, mental health services and organ transplant services;
20 however, no one service or any combination of these three services
21 shall increase the actuarial value of the basic health plan benefits by
22 more than five percent excluding inflation, as determined by the office
23 of financial management. All subsidized and nonsubsidized enrollees in
24 any participating managed health care system under the Washington basic
25 health plan shall be entitled to receive covered basic health care
26 services in return for premium payments to the plan. The schedule of
27 services shall emphasize proven preventive and primary health care and
28 shall include all services necessary for prenatal, postnatal, and well-
29 child care. However, with respect to coverage for groups of subsidized
30 enrollees who are eligible to receive prenatal and postnatal services
31 through the medical assistance program under chapter 74.09 RCW, the
32 administrator shall not contract for such services except to the extent
33 that such services are necessary over not more than a one-month period
34 in order to maintain continuity of care after diagnosis of pregnancy by
35 the managed care provider. The schedule of services shall also include
36 a separate schedule of basic health care services for children,
37 eighteen years of age and younger, for those subsidized or
38 nonsubsidized enrollees who choose to secure basic coverage through the

1 plan only for their dependent children. In designing and revising the
2 schedule of services, the administrator shall consider the guidelines
3 for assessing health services under (~~the mandated benefits act of~~
4 ~~1984, RCW 48.47.030~~) chapter 48.47 RCW, and such other factors as the
5 administrator deems appropriate. In addition to coverage set forth in
6 this section, an emergency health plan must be offered, as required in
7 section 10 of this act.

8 However, with respect to coverage for subsidized enrollees who are
9 eligible to receive prenatal and postnatal services through the medical
10 assistance program under chapter 74.09 RCW, the administrator shall not
11 contract for such services except to the extent that the services are
12 necessary over not more than a one-month period in order to maintain
13 continuity of care after diagnosis of pregnancy by the managed care
14 provider.

15 (2)(a) To design and implement a structure of periodic premiums due
16 the administrator from subsidized enrollees that is based upon gross
17 family income, giving appropriate consideration to family size and the
18 ages of all family members. The enrollment of children shall not
19 require the enrollment of their parent or parents who are eligible for
20 the plan. The structure of periodic premiums shall be applied to
21 subsidized enrollees entering the plan as individuals pursuant to
22 subsection (9) of this section and to the share of the cost of the plan
23 due from subsidized enrollees entering the plan as employees pursuant
24 to subsection (10) of this section.

25 (b) To determine the periodic premiums due the administrator from
26 nonsubsidized enrollees. Premiums due from nonsubsidized enrollees
27 shall be in an amount equal to the cost charged by the managed health
28 care system provider to the state for the plan plus the administrative
29 cost of providing the plan to those enrollees and the premium tax under
30 RCW 48.14.0201.

31 (c) An employer or other financial sponsor may, with the prior
32 approval of the administrator, pay the premium, rate, or any other
33 amount on behalf of a subsidized or nonsubsidized enrollee, by
34 arrangement with the enrollee and through a mechanism acceptable to the
35 administrator.

36 (d) To develop, as an offering by every health carrier providing
37 coverage identical to the basic health plan, as configured on January
38 1, 1996, a basic health plan model plan with uniformity in enrollee
39 cost-sharing requirements.

1 (3) To design and implement a structure of enrollee cost sharing
2 due a managed health care system from subsidized and nonsubsidized
3 enrollees. The structure shall discourage inappropriate enrollee
4 utilization of health care services, and may utilize copayments,
5 deductibles, and other cost-sharing mechanisms, but shall not be so
6 costly to enrollees as to constitute a barrier to appropriate
7 utilization of necessary health care services.

8 (4) To limit enrollment of persons who qualify for subsidies so as
9 to prevent an overexpenditure of appropriations for such purposes.
10 Whenever the administrator finds that there is danger of such an
11 overexpenditure, the administrator shall close enrollment until the
12 administrator finds the danger no longer exists.

13 (5) To limit the payment of subsidies to subsidized enrollees, as
14 defined in RCW 70.47.020. The level of subsidy provided to persons who
15 qualify may be based on the lowest cost plans, as defined by the
16 administrator.

17 (6) To adopt a schedule for the orderly development of the delivery
18 of services and availability of the plan to residents of the state,
19 subject to the limitations contained in RCW 70.47.080 or any act
20 appropriating funds for the plan.

21 (7) To solicit and accept applications from managed health care
22 systems, as defined in this chapter, for inclusion as eligible basic
23 health care providers under the plan. The administrator shall endeavor
24 to assure that covered basic health care services are available to any
25 enrollee of the plan from among a selection of two or more
26 participating managed health care systems. In adopting any rules or
27 procedures applicable to managed health care systems and in its
28 dealings with such systems, the administrator shall consider and make
29 suitable allowance for the need for health care services and the
30 differences in local availability of health care resources, along with
31 other resources, within and among the several areas of the state.
32 Contracts with participating managed health care systems shall ensure
33 that basic health plan enrollees who become eligible for medical
34 assistance may, at their option, continue to receive services from
35 their existing providers within the managed health care system if such
36 providers have entered into provider agreements with the department of
37 social and health services.

38 (8) To receive periodic premiums from or on behalf of subsidized
39 and nonsubsidized enrollees, deposit them in the basic health plan

1 operating account, keep records of enrollee status, and authorize
2 periodic payments to managed health care systems on the basis of the
3 number of enrollees participating in the respective managed health care
4 systems.

5 (9) To accept applications from individuals residing in areas
6 served by the plan, on behalf of themselves and their spouses and
7 dependent children, for enrollment in the Washington basic health plan
8 as subsidized or nonsubsidized enrollees, to establish appropriate
9 minimum-enrollment periods for enrollees as may be necessary, and to
10 determine, upon application and on a reasonable schedule defined by the
11 authority, or at the request of any enrollee, eligibility due to
12 current gross family income for sliding scale premiums. Funds received
13 by a family as part of participation in the adoption support program
14 authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall
15 not be counted toward a family's current gross family income for the
16 purposes of this chapter. When an enrollee fails to report income or
17 income changes accurately, the administrator shall have the authority
18 either to bill the enrollee for the amounts overpaid by the state or to
19 impose civil penalties of up to two hundred percent of the amount of
20 subsidy overpaid due to the enrollee incorrectly reporting income. The
21 administrator shall adopt rules to define the appropriate application
22 of these sanctions and the processes to implement the sanctions
23 provided in this subsection, within available resources. No subsidy
24 may be paid with respect to any enrollee whose current gross family
25 income exceeds twice the federal poverty level or, subject to RCW
26 70.47.110, who is a recipient of medical assistance or medical care
27 services under chapter 74.09 RCW. If a number of enrollees drop their
28 enrollment for no apparent good cause, the administrator may establish
29 appropriate rules or requirements that are applicable to such
30 individuals before they will be allowed to reenroll in the plan.

31 (10) To accept applications from business owners on behalf of
32 themselves and their employees, spouses, and dependent children, as
33 subsidized or nonsubsidized enrollees, who reside in an area served by
34 the plan. The administrator may require all or the substantial
35 majority of the eligible employees of such businesses to enroll in the
36 plan and establish those procedures necessary to facilitate the orderly
37 enrollment of groups in the plan and into a managed health care system.
38 The administrator may require that a business owner pay at least an
39 amount equal to what the employee pays after the state pays its portion

1 of the subsidized premium cost of the plan on behalf of each employee
2 enrolled in the plan. Enrollment is limited to those not eligible for
3 medicare who wish to enroll in the plan and choose to obtain the basic
4 health care coverage and services from a managed care system
5 participating in the plan. The administrator shall adjust the amount
6 determined to be due on behalf of or from all such enrollees whenever
7 the amount negotiated by the administrator with the participating
8 managed health care system or systems is modified or the administrative
9 cost of providing the plan to such enrollees changes.

10 (11) To determine the rate to be paid to each participating managed
11 health care system in return for the provision of covered basic health
12 care services to enrollees in the system. Although the schedule of
13 covered basic health care services will be the same for similar
14 enrollees, the rates negotiated with participating managed health care
15 systems may vary among the systems. In negotiating rates with
16 participating systems, the administrator shall consider the
17 characteristics of the populations served by the respective systems,
18 economic circumstances of the local area, the need to conserve the
19 resources of the basic health plan trust account, and other factors the
20 administrator finds relevant.

21 (12) To monitor the provision of covered services to enrollees by
22 participating managed health care systems in order to assure enrollee
23 access to good quality basic health care, to require periodic data
24 reports concerning the utilization of health care services rendered to
25 enrollees in order to provide adequate information for evaluation, and
26 to inspect the books and records of participating managed health care
27 systems to assure compliance with the purposes of this chapter. In
28 requiring reports from participating managed health care systems,
29 including data on services rendered enrollees, the administrator shall
30 endeavor to minimize costs, both to the managed health care systems and
31 to the plan. The administrator shall coordinate any such reporting
32 requirements with other state agencies, such as the insurance
33 commissioner and the department of health, to minimize duplication of
34 effort.

35 (13) To evaluate the effects this chapter has on private employer-
36 based health care coverage and to take appropriate measures consistent
37 with state and federal statutes that will discourage the reduction of
38 such coverage in the state.

1 (14) To develop a program of proven preventive health measures and
2 to integrate it into the plan wherever possible and consistent with
3 this chapter.

4 (15) To provide, consistent with available funding, assistance for
5 rural residents, underserved populations, and persons of color.

6 (16) In consultation with appropriate state and local government
7 agencies, to establish criteria defining eligibility for persons
8 confined or residing in government-operated institutions.

9 NEW SECTION. **Sec. 10.** A new section is added to chapter 70.47 RCW
10 to read as follows:

11 (1) The administrator must offer emergency health plan coverage
12 designed as follows:

13 (a) Copayments and other cost sharing must be the same as the
14 nonsubsidized basic health plan, as set forth in RCW 70.47.060, except
15 for the requirement of a one thousand dollar annual deductible.

16 (b) The schedule of benefits must be the same as the nonsubsidized
17 basic health plan, as set forth in RCW 70.47.060, except for the
18 exclusion of chemical dependency services, mental health services,
19 organ transplant services, and prenatal and maternity services.

20 (c) Except as required by federal law, participating health
21 carriers may impose a nine-month waiting period for coverage of a
22 preexisting condition if such condition existed, was diagnosed, or was
23 treated during the six-month period prior to enrollment.

24 (d) Monthly premiums for this coverage must not exceed fifty
25 percent of the average aggregate monthly cost of the subsidized basic
26 health plan coverage.

27 (e) Enrollees are limited to thirty-six months of consecutive
28 enrollment.

29 (2) Any health carrier that contracts with the Washington state
30 health care authority to provide employee benefits pursuant to chapter
31 41.05 RCW must offer this coverage in a manner required by the
32 administrator in rule.

33 NEW SECTION. **Sec. 11.** This act may be known and cited as the
34 health care patient bill of rights.

35 NEW SECTION. **Sec. 12.** Captions used in this act are not any part
36 of the law.

1 NEW SECTION. **Sec. 13.** Sections 1 through 7 and 14 of this act are
2 each added to chapter 48.43 RCW.

3 NEW SECTION. **Sec. 14.** To the extent permitted by law, if any
4 provision of this chapter conflicts with state or federal law, such
5 provision must be construed in a manner most favorable to the enrollee.

6 NEW SECTION. **Sec. 15.** If any provision of this act or its
7 application to any person or circumstance is held invalid, the
8 remainder of the act or the application of the provision to other
9 persons or circumstances is not affected.

10 NEW SECTION. **Sec. 16.** The following acts or parts of acts are
11 each repealed:

12 (1) RCW 48.43.075 (Informing patients about their care--Health
13 carriers may not preclude or discourage) and 1996 c 312 s 2;

14 (2) RCW 48.43.095 (Information provided to an enrollee or a
15 prospective enrollee) and 1996 c 312 s 4; and

16 (3) RCW 48.43.105 (Preparation of documents that compare health
17 carriers--Immunity--Due diligence) and 1996 c 312 s 5.

--- END ---
