8 read as follows:

9 (1) Each state department identified in RCW 43.220.020 shall have

28 and can be promptly completed; and

29 ~~((f)))~~ (e) Entering into agreements with community colleges within
30 the state's community and technical college system and other
31 educational institutions or independent nonprofit agencies to provide

33 mathematics for those conservation corps members who may benefit by
34 participation in such classes. Classes shall be scheduled after corps
35 working hours. Participation by members is not mandatory but shall be
36 strongly encouraged. The participation shall be a primary factor in
37 determining whether the opportunity for corps membership beyond one
38 year shall be offered. Instruction related to the specific role of the

1 department in resource conservation shall also be offered, either in a
2 classroom setting or as is otherwise appropriate.

3 (2) The assignment of corps members shall not result in the
4 displacement of currently employed workers, including partial
5 displacement such as reduction in hours of nonovertime work, wages, or
6 other employment benefits. Supervising agencies that participate in
7 the program may not terminate, lay-off, or reduce the working hours of
8 any employee for the purpose of using a corps member with available

12 current employees.

25 members shall be given special responsibility for providing leadership,
26 character development, and sense of community responsibility to the
27 corps members, groups, and work crews to which they are assigned. The
28 upper age requirement may be waived for residents who have a sensory or
29 mental handicap. Special effort shall be made to recruit minority and
30 disadvantaged youth who meet selection criteria of the conservation
31 corps. Preference shall be given to youths residing in areas, both
32 urban and rural, in which there exists substantial unemployment
33 exceeding the state average unemployment rate.

34 (2) The legislature finds that people with developmental
35 disabilities would benefit from experiencing a meaningful work
36 experience, and learning the value of labor and of membership in a
37 productive society.

1 The legislature urges state agencies that are participating in the
2 Washington conservation corps program to consider for enrollment in the
3 program people who have developmental disabilities, as defined in RCW
4 71A.10.020.

5 If an agency chooses to enroll people with developmental
6 disabilities in its Washington conservation corps program, the agency

8 standards administration for a special subminimum wage certificate in
9 order to be allowed to pay enrollees with developmental disabilities

14 plans, and vacation leave do not apply to the Washington conservation
15 corps except for the crew (~~leaders~~) supervisors, who shall be project
16 employees, and the administrative and supervisory personnel.

17 (4) Enrollment shall be for a period of six months which may be
18 extended for (~~an~~) additional (~~six months~~) six-month periods by
19 mutual agreement of the corps and the corps member, not to exceed two
20 years. Corps members shall be reimbursed at the minimum wage rate
21 established by state or federal law, whichever is higher, which may be
22 increased by up to five percent for each additional six-month period
23 worked: PROVIDED, That if agencies elect to run a residential program,
24 the appropriate costs for room and board shall be deducted from the
25 corps member's paycheck as provided in chapter 43.220 RCW.

26 (5) Corps members are to be available at all times for emergency
27 response services coordinated through the department of community,
28 trade, and economic development or other public agency. Duties may
