Brief Description: Creating an accountability incentive system for institutions of higher education.

**HB 1854 - DIGEST**

Finds that it is in the interest of Washington citizens and current and prospective higher education students for the state's institutions of higher education to have in place an incentive system of performance funding and accountability to encourage performance improvements in specified areas.

Finds that annual performance progress reports will draw the attention of the public and the state's policymakers to important issues related to students' educational attainment and learning outcomes.
