Brief Description: Phasing in the use of state lottery proceeds for common school construction.

HB 1856 - DIGEST

Provides that the deposits into the state general fund and common school construction fund shall be apportioned as follows:
(1) Eighty-three percent to the general fund and seventeen percent to the common school construction fund for the fiscal year ending June 30, 2000;

(2) sixty-six percent to the general fund and thirty-four percent to the common school construction fund for the fiscal year ending June 30, 2001;

(3) forty-nine percent to the general fund and fifty-one percent to the common school construction fund for the fiscal year ending June 30, 2002;

(4) thirty-two percent to the general fund and sixty-eight percent to the common school construction fund for the fiscal year ending June 30, 2003;

(5) fifteen percent to the general fund and eighty-five percent to the common school construction fund for the fiscal year ending June 30, 2004; and

(6) zero percent to the general fund and one hundred percent to the common school construction fund for the fiscal year ending June 30, 2005, and thereafter.
