Brief Title: Labeling meat and poultry products.

**HB 2114 - DIGEST**

Provides that every retail meat dealer is required to place or have placed on the packaging of all meat food products grown or processed outside this state a label advising the consumer, in clear and concise terms, that the product was not grown or processed in Washington state.

Requires every person who sells poultry products directly to consumers to place or have placed on the packaging of all poultry products grown or processed outside this state a label advising the consumer, in clear and concise terms, that the product was not grown or processed in Washington state.
