Brief Description: Establishing an industry cluster-based approach to economic development.

**HB 2968 - DIGEST**

Directs the department of community, trade, and economic development, or its successor agency, to work with industry associations and organizations to identify industry clusters on a regional and state-wide basis. The industry clusters may include, but not be limited to aerospace, agriculture, food processing, forest products, business services, financial services, health and biomedical, software, transportation and distribution, and microelectronics.
