Brief Description: Requiring a list of public benefits a telecommunications company will provide a county prior to exercising its right of eminent domain.

**HB 3143 - DIGEST**

Requires that, prior to exercising the right of eminent domain, a telecommunications company must submit to the county and to the commission a written determination that addresses the public benefit the county will derive from its presence. The determination shall include without limitation: (1) The number of access points the telecommunications company will provide to the county;

(2) the advanced telecommunications brought to the county by way of the access points; and

(3) any other benefit.
