Brief Description: Providing for fishing quotas.

**SB 5026 - DIGEST**

Directs the fish and wildlife commission to design an individual fisheries quota program based upon a federal program outlined in the federal register, volume 50, page 59375, published on November 9, 1993. The commission shall ensure that the program includes ownership restrictions to prevent quota shares for the fishery being held by too few fishers, and vessel restrictions to prevent too few fishers from catching all the fish.
