Brief Description: Facilitating regional transportation corridors.

**SB 6031 - DIGEST**

(SUBSTITUTED FOR - SEE 1ST SUB)

Creates a multiagency corridor committee to develop strategies to identify and achieve regional transportation corridor networks. The committee shall develop regional corridor network criteria and make recommendations to the legislature on: (1) Achieving a consistent corridor planning approach that can be implemented across jurisdictions;

(2) corridor investment strategies that address the rehabilitation of existing corridors and provide for congestion relief; and

(3) changes to state transportation policy and funding programs needed to implement the corridor planning, investment, and operations approach. The regional corridor network criteria must support freight mobility, transit, and interjurisdictional trips.
