Brief Description: Adjusting the motor vehicle fuel tax rate.

SB 6452 - DIGEST

Directs the department to adjust the motor vehicle fuel tax rate on July 1, 2001, and every year thereafter. The adjustment is calculated by multiplying the motor vehicle fuel tax rate effective for the current year by the sum of one plus the fiscal growth factor, as defined in RCW 43.135.025, for every year in which the fiscal growth factor is greater than zero.

Requires the secretary of state to submit this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with RCW 43.135.090.
