Brief Description: Enacting the mobility enhancement act of 2000.

SB 6849 - DIGEST

Provides that, prior to the 2001 legislative session, the transportation commission, transportation improvement board, county road administration board, and freight mobility strategic investment board shall apply formulae using the congestion index on a state-wide basis in respective transportation networks in order to determine traffic delay.

Declares that, upon a determination of noncompliance, state and local agencies shall develop plans to reduce the delay per driver to compliance levels. Such plans must be the first priority of existing federal, state, and local revenue sources.
