Brief Title: Adopting the work force training and education coordinating board comprehensive plan update.

**SCR 8405 - DIGEST**

Proposes the adoption of the long-term goals in the 1998 update to the comprehensive plan whereby: (1) K-12 education will prepare students for both education and work;

(2) the gap between economic demand and the supply of postsecondary technical training will be closed;

(3) the training system will be a coherent and integrated system of customer services; and

(4) training programs will be accountable for results.
