

1 **ESSB 6153** - H AMD TO H AMD(H-2783.1/01) **336 FAILED 6/15/01**

2 By Representative Linville

3 On page 84 of the amendment, line 14 after "effort." insert the
4 following:

5 "The persistent bioaccumulative toxic chemical strategy shall
6 consider the following chemicals or chemical groups: Aldrin/Dieldrin;
7 Benzo(a)pyrene; Chlordane; DDT; Dioxins/Furans; Hexachlorobenzene;
8 Mercury; polychlorinated biphenols; and Toxaphene.

9 The persistent bioaccumulative toxic chemical strategy shall:

10 (a) Work with the U.S. environmental protection agency to
11 identify federal and state programs that currently manage persistent
12 bioaccumulative toxins and determine which regulatory controls and
13 options should be utilized to implement a state-specific persistent
14 bioaccumulative toxin strategy.

15 (b) Identify the gaps in existing state and federal programs that
16 regulate persistent bioaccumulative toxins.

17 (c) Develop an initial chemical action plan with a specific
18 stakeholder group for one of the nine chemicals or chemical groups
19 listed in this subsection.

20 (d) Develop and implement a plan for both public education and
21 monitoring of persistent bioaccumulative toxins.

22 (e) Report to the appropriate standing legislative committees by
23 December 15, 2001, the results of the chemical action plan developed in
24 accordance with (c) of this subsection, along with information on
25 federal and state programs and regulations being used to regulate
26 persistent bioaccumulative toxins, including what state action is
27 appropriate."

EFFECT: Adds specific requirements for implementation of the Department of Ecology's specific bioaccumulative toxic chemical strategy.

FISCAL IMPACT: None; no increase in appropriation levels.
