

# HOUSE BILL REPORT

## HB 2294

---

---

### As Reported by House Committee On:

Natural Resources

**Title:** An act relating to recreation sites owned by the department of natural resources.

**Brief Description:** Allowing the department of natural resources to seek volunteers to maintain recreation sites.

**Sponsors:** Representatives Hatfield, Doumit, Kessler, Eickmeyer, Lantz, Rockefeller, Wood, Mielke, Boldt, Benson, Edwards, Upthegrove and Dunn.

### Brief History:

#### Committee Activity:

Natural Resources: 1/25/02 [DP].

#### Brief Summary of Bill

- Directs the Department of Natural Resources (DNR) to conduct periodic reviews of its recreation sites. The first review is to be completed by December 1, 2002.
- Requires the DNR to hold a public hearing prior to closing a recreation site to see if there are sufficient volunteers to keep it open.
- Establishes a volunteer program for the DNR recreation sites similar to the Adopt-a-Highway Program established by the Department of Transportation.

---

### HOUSE COMMITTEE ON NATURAL RESOURCES

**Majority Report:** Do pass. Signed by 11 members: Representatives Doumit, Chair; Rockefeller, Vice Chair; Sump, Ranking Minority Member; Buck, Eickmeyer, Ericksen, Jackley, McDermott, Orcutt, Pearson and Upthegrove.

**Staff:** Bill Lynch (786-7092).

### Background:

The Department of Natural Resources (DNR) owns a number of recreation sites, and some of these sites are at risk of closing due to insufficient funds. The Adopt-a-Highway

Program utilized by the Department of Transportation has been successful in attracting volunteers and a similar program for the DNR recreation sites may allow some of these sites to remain open.

---

**Summary of Bill:**

The DNR must conduct a periodic review of all of its recreation sites. The initial review must be completed by December 1, 2002. The review must include an examination of the location of the sites and the costs associated with them.

If the DNR determines that it is appropriate to keep a site open, but the site may be closed due to insufficient funds, before closing the site the DNR must hold a public hearing in the general vicinity of the site to determine if there are sufficient volunteers available on an ongoing basis to keep the site open.

The DNR is required to seek partnerships with volunteer groups and businesses to establish a recreation site volunteer program. The requirements for the program are similar to the requirements for the Adopt-a-Highway Program.

---

**Appropriation:** None.

**Fiscal Note:** Requested on January 21, 2002.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Testimony For:** This a good opportunity for people to volunteer and help serve their community. One recent meeting concerning a particular camp used for horse-riding drew about 700 people who said they were willing to volunteer to keep it open. This parallels the Adopt-a-Highway Program which works well. People are looking to volunteer to keep access to public lands open. Keeping these areas open also helps bring some additional people and revenue into the community.

**Testimony Against:** The department is concerned with public safety and liability for the state. The DNR currently uses volunteers in a number of different ways, but there are some things that can't be addressed by volunteers. Some of these recreation sites have had a lot of vandalism and reckless shootings that endanger other people. Temporary closures or seasonal closures are needed to address problems with water systems or toilets. Some sites are located near urban areas and are no longer appropriate for use as department recreation sites.

**Testified:** (In support) Representative Hatfield, prime sponsor; and Sharon Foster, YMCAs of Washington and Council of Youth Agencies.

(Opposed) Bonnie Bunning, Department of Natural Resources.
