Majority Report: Do pass. Signed by 11 members: Representatives Dunshee, Chair; Edwards, Vice Chair; Mulliken, Ranking Minority Member; Berkey, Crouse, DeBolt, Dunn, Hatfield, Kirby, Mielke and Sullivan.

Background:

The State Environmental Policy Act (SEPA) requires a governmental entity, whether state or local, to analyze the environmental impacts of its major actions. The Department of Ecology has adopted rules to implement SEPA. The lead agency must make a threshold determination of whether the proposal has probable significant adverse environmental

impacts. If the lead agency determines that it does, an Environmental Impact Statement (EIS) must be prepared. An agency's decision under SEPA is subject to review administratively, if allowed by the agency, and judicially.

These same basic rules apply to proposed reductions of city limits and proposed disincorporations.

Summary of Bill:

Reductions of city limits and disincorporations are exempted from compliance with the State Environmental Policy Act.

Appropriation: None.

Fiscal Note: Not Requested.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: The cities want clarification that they are exempt from SEPA requirements when they reduce city limits or disincorporate. The bill will help reduce cost and eliminate an undue burden on cities.

Testimony Against: None.

Testified: Representative Berkey, prime sponsor; Ron Rosenbloom, Association of Washington Cities.
