HOUSE COMMITTEE ON STATE GOVERNMENT

Majority Report: Do pass. Signed by 6 members: Representatives Romero, Chair; Miloscia, Vice Chair; McMorris, Ranking Minority Member; McDermott, Schindler and Schmidt.

Staff: Bree Ramage (786-7617).

Background:

Executive Order

The Combined Fund Drive started in 1984 through an Executive Order by Governor John Spellman. It was reaffirmed in 2001 by Governor Gary Locke. A committee was established to conduct a single, annual, consolidated effort to secure funds for distribution to agencies engaged in charitable, public health, welfare, and social service purposes. The committee's role is to establish standards and criteria for participation in the annual fund drive. It determines which organizations may participate and it collects and

distributes funds received through the annual campaign. The Department of Personnel (DOP) is to provide administrative support for the operation of the committee.

The fund is maintained by the Washington State Employees Credit Union.

Department of Personnel Rules

Rules adopted by the DOP outline the duties of the committee as described in the executive orders. The rules specify that the committee should be known as the Washington State Employee Combined Fund Drive Committee and that it should consist of no more than 12 members appointed by the Governor. Rules for determining agency eligibility, decertification, and reconsideration are expressed in the regulations, as well as the required characteristics for federated organizations (umbrella organizations).

Revised Code of Washington

The United Fund is defined by law as the organization conducting the annual fund drive. State officials or any of the state's political subdivisions authorized to pay wages are allowed to deduct from wages the amount of money designated by the employee for payment to the United Fund upon the employee's written request.

Summary of Bill:

In all sections of Washington law that refer to the United Fund, the code will be revised to refer to the "United Fund or the Washington State Combined Fund Drive."

A new account, the Washington State Combined Fund Drive account, is created in the custody of the State Treasurer. All receipts from the combined fund drive must be deposited into the account and all expenditures must be used for the beneficiaries of the drive. Only the director of the DOP or the director's designee may authorize such expenditures. The account is not subject to allotment procedures and an appropriation for expenditures is not required. The account will retain its interest earnings.

The director of the DOP is authorized to adopt rules for the operation of the Washington State Combined Fund Drive after consultation with state agencies, institutions of higher education, and employee organizations.
