Minority Report: Do not pass. Signed by 5 members: Representatives Cairnes, Ranking Minority Member; Nixon, Orcutt, Roach and Van Luven.

Background:

In recent years, changes to state law and a downturn in the state economy have reduced revenues available to local jurisdictions. With respect to revenues, in particular, the passage of Initiative 695 and the discontinuance of backfill funding have restricted the options of local governments in funding criminal justice and public health programs. A number of jurisdictions have suspended or reduced operations in various programs, and in some cases raised taxes and fees within existing authority in order to maintain service levels. Various jurisdictions have testified, in spite of these efforts, service levels are eroding.
