

SENATE BILL REPORT

SB 5658

As Reported By Senate Committee On:
Transportation, February 27, 2001

Title: An act relating to vehicle license renewals.

Brief Description: Revising requirements for vehicle license renewal.

Sponsors: Senators T. Sheldon and Swecker; by request of Department of Licensing.

Brief History:

Committee Activity: Transportation: 2/19/01, 2/27/01 [DP].

SENATE COMMITTEE ON TRANSPORTATION

Majority Report: Do pass.

Signed by Senators Haugen, Chair; Gardner, Vice Chair; Benton, Eide, Finkbeiner, Horn, Jacobsen, Kastama, McAuliffe, McDonald, Oke, Patterson, Prentice, Shin and Swecker.

Staff: Dean Carlson (786-7305)

Background: An application to renew a vehicle license must be accompanied by either the certificate of registration for the last registration period in which the vehicle was licensed or a preprinted application mailed from the Department of Licensing (DOL). This requirement exists to enable DOL or licensing subagents to obtain the vehicle specifications to properly calculate the applicable taxes and fees.

Due to automation, these documents are no longer needed to get the vehicle specifications. A vehicle owner only needs to provide the vehicle license number, and all necessary information is provided to the agents and subagents by computer, including the applicable taxes and fees.

Summary of Bill: The requirement that a certificate of registration or preprinted application be provided by the vehicle owner to renew a vehicle license is eliminated.

Appropriation: None.

Fiscal Note: Not requested.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: With the implementation of the vehicle computer system, this requirement is no longer necessary.

Testimony Against: None.

Testified: Deb McCurley, Department of Licensing.
