As Passed Senate, February 11, 2002

Title: An act relating to certificates of ownership for stolen vehicles.

Brief Description: Correcting language regarding certificates of ownership for stolen vehicles.

Sponsors: Senators Benton and Haugen; by request of Department of Licensing.

Brief History:

Committee Activity: Transportation: 1/31/02 [DP].

Passed Senate: 2/11/02, 48-0.

SENATE COMMITTEE ON TRANSPORTATION

Majority Report: Do pass.

Staff: Dean Carlson (786-7305)

Background: Under current law, when a person applies to register a vehicle brought in from out-of-state, the Department of Licensing (DOL) is required to do a stolen vehicle search of out-of-state vehicles as part of the titling process. If the stolen vehicle search produces results indicating the vehicle was flagged as reported stolen, the department is required to report this information to the Washington State Patrol (WSP) for further investigation.

During this investigative process, DOL is currently prohibited from registering the vehicle. This means the applicant cannot legally drive the vehicle until the WSP confirms that the vehicle is not stolen. Once the WSP does its investigation and can confirm that the vehicle is not stolen, the WSP then issues documentation indicating this fact. The applicant must submit this documentation to the department in order to register his or her vehicle and subsequently obtain a certificate of ownership.

Summary of Bill: In conducting a stolen vehicle search of out-of-state vehicles, if a vehicle is flagged as reported stolen, DOL is prohibited from issuing a certificate of ownership. However, in order to allow an applicant the ability to legally drive a vehicle which has been flagged as reported stolen, DOL is allowed to register the vehicle while the WSP conducts its investigation.

Once the WSP can confirm that a vehicle under investigation is not stolen, or if the out-of-state search indicates the vehicle is not stolen, DOL is authorized to issue a certificate of ownership.
