3 **Sec. 226.** 2001 2nd sp.s. c 14 s 229 (uncodified) is amended to
4 read as follows:

5 **FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X**

6 Puget Sound Ferry Operations Account--State

7 Appropriation \$ ((~~321,673,000~~))
8 311,312,000

9 The appropriation in this section is subject to the following
10 conditions and limitations and specified amounts are provided solely
11 for that activity:

12 (1) The appropriation is based on the budgeted expenditure of
13 ((~~\$46,881,000~~)) \$35,159,000 for vessel operating fuel in the 2001-2003
14 biennium. If the actual cost of fuel is less than this budgeted
15 amount, the excess amount may not be expended. If the actual cost
16 exceeds this amount, the department shall request a supplemental
17 appropriation.

18 (2) The appropriation provides for the compensation of ferry
19 employees. The expenditures for compensation paid to ferry employees
20 during the 2001-2003 biennium may not exceed ((~~\$206,696,000~~))
21 \$207,065,000 plus a dollar amount, as prescribed by the office of
22 financial management, that is equal to any insurance benefit increase
23 granted general government employees in excess of \$432.82 a month
24 annualized per eligible marine employee multiplied by the number of
25 eligible marine employees for the respective fiscal year, a dollar
26 amount as prescribed by the office of financial management for costs
27 associated with pension amortization charges, and a dollar amount
28 prescribed by the office of financial management for salary increases
29 during the 2001-2003 biennium. For the purposes of this section, the
30 expenditures for compensation paid to ferry employees shall be limited
31 to salaries and wages and employee benefits as defined in the office of
32 financial management's policies, regulations, and procedures named
33 under objects of expenditure "A" and "B" (7.2.6.2).

34 The prescribed salary and insurance benefit increase or decrease
35 dollar amount that shall be allocated from the governor's compensation
36 appropriations is in addition to the appropriation contained in this
37 section and may be used to increase or decrease compensation costs,

1 effective July 1, 2001, and thereafter, as established in the 2001-2003
2 general fund operating budget.

3 (3) The department shall issue a request for information from
4 entities interested in purchasing advertising on board Washington state
5 ferry vessels. The department shall evaluate the proposals and report
6 back to the legislature's transportation committees in January 2002
7 regarding the potential for revenue from different types of
8 advertising.

9 (4) The department may enter into contracts with private vendors to
10 sell ferry tickets and medium at locations other than Washington state
11 ferry terminals or facilities.

12 (a) The department may enter into the contracts only (i) with
13 private vendors that are already established businesses offering goods
14 for sale to the general public; and (ii) if it determines that the
15 vendor's established location has the potential to serve a significant
16 percentage of the customers using a particular ferry route.

17 (b) The department may adopt necessary rules and procedures to
18 allow the use of credit and debit cards to purchase ferry tickets or
19 medium from a private vendor who has contracted with the department to
20 sell ferry tickets or medium. The department may establish a
21 convenience fee to be paid by all persons purchasing ferry tickets and
22 medium at locations other than Washington state ferry terminals or
23 facilities. The convenience fee must be sufficient to offset the
24 charges imposed on the department by the credit and debit card
25 companies. In no event may the use of credit or debit cards authorized
26 by this section create a loss of revenue to the state. The use of a
27 personal credit card does not rely upon the credit of the state as
28 prohibited by Article VIII, section 5 of the state Constitution.

29 (~~The legislature recognizes that projected revenues to the~~
30 ~~Puget Sound ferry operating account for the 2001-2003 biennium may be~~
31 ~~up to \$30,000,000 less than what is required to fund the appropriation~~
32 ~~provided in this section. The legislature intends to fully evaluate~~
33 ~~the extent of the shortfall and make a supplemental appropriation~~
34 ~~during the 2002 legislative session.)) The legislature recognizes the
35 value of a regional fare collection system to promote intermodal travel
36 throughout Washington state ferries' Puget Sound service area and
37 therefore encourages the department to resume participation in the
38 regional fare coordination project (smart card). The department shall
39 develop a request for funding of the on-going operating costs~~

1 associated with the regional fare coordination project and shall
 2 present this request to the 2003 legislature. The request for funding
 3 shall be sufficient to support a system that prevents the disclosure of
 4 personally identifying information of persons who use a smart card to
 5 facilitate payment of ferry fares. The requested system may facilitate
 6 the disclosure of aggregate information on fare collection to
 7 governmental agencies or groups concerned with public transportation or
 8 public safety as long as the data does not contain any personally
 9 identifying information. The requested system shall not prevent the
 10 release of personally identifying information to law enforcement
 11 agencies when required by a subpoena.

18 (1) The motor vehicle account--state appropriation includes
19 \$150,000 distributed under RCW 46.68.110(2) that is provided to the
20 Whatcom county council of governments for the sole purpose of
21 developing and implementing a model of regional transportation
22 governance. This model shall be developed in accordance with
